Hotanga

Hotanga is the Hopi word for a quiver of arrows. A quiver is the container in which the archer's arrows are held together just as the students are held together during their high school years.

Each arrow has characteristics that lend to it's success or failure in reaching it's mark, just as each individual student succeeds or fails to take advantage of his opportunities to learn and prepare himself for his role in society.

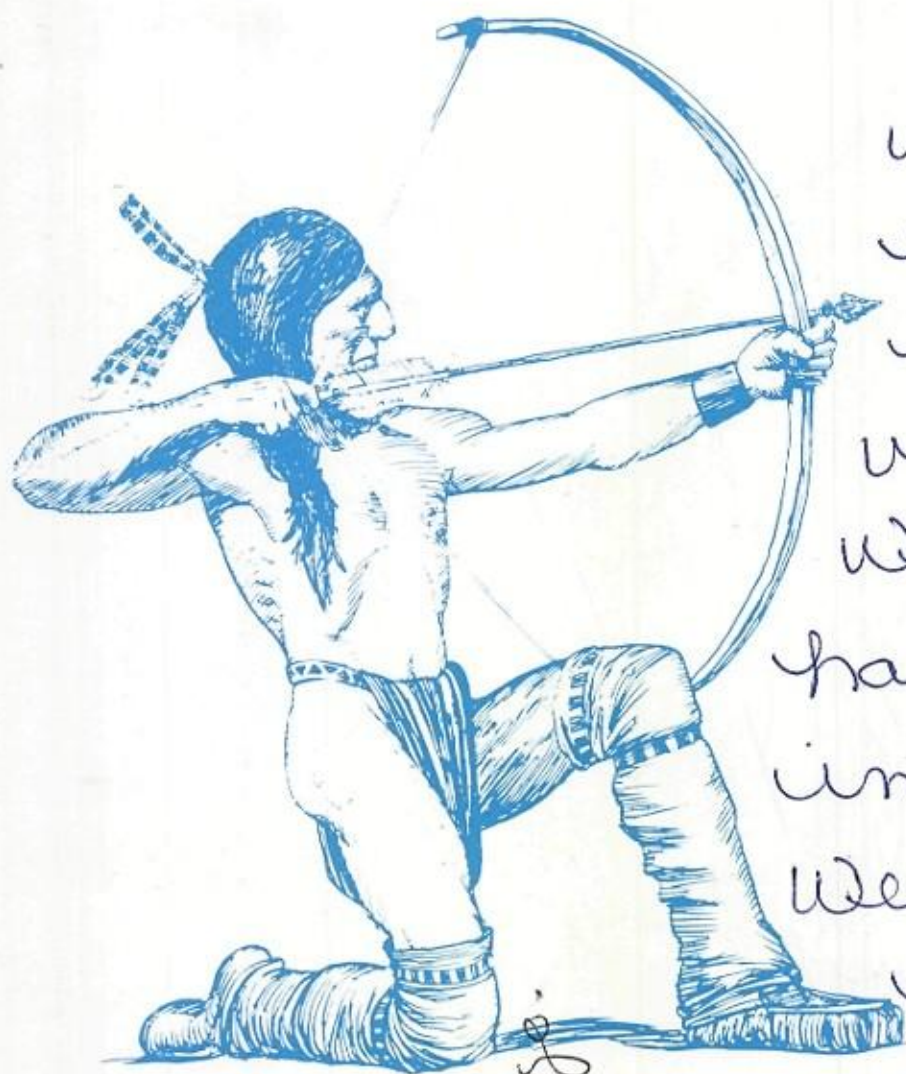

When the arrows are placed to the bow, they are shot forward by the archer's skill. When they reach graduation day, the students are propelled into society by their teacher's efforts and concerned preparation.

Sometimes the arrows fall short of their mark. Sometimes students fall short of their goals. Other arrows reach their destination, just as some students find what they hope for in life.

Nancy,
 Hi, I haven't really seen you too much
 this year because I guess we've been too
 busy doing what ever. But I hope next year
 I will see you more & talk to you. I know
 I'm very mean but I am in a hurry. Well, best go.

Love
 Judy

CONTENTS

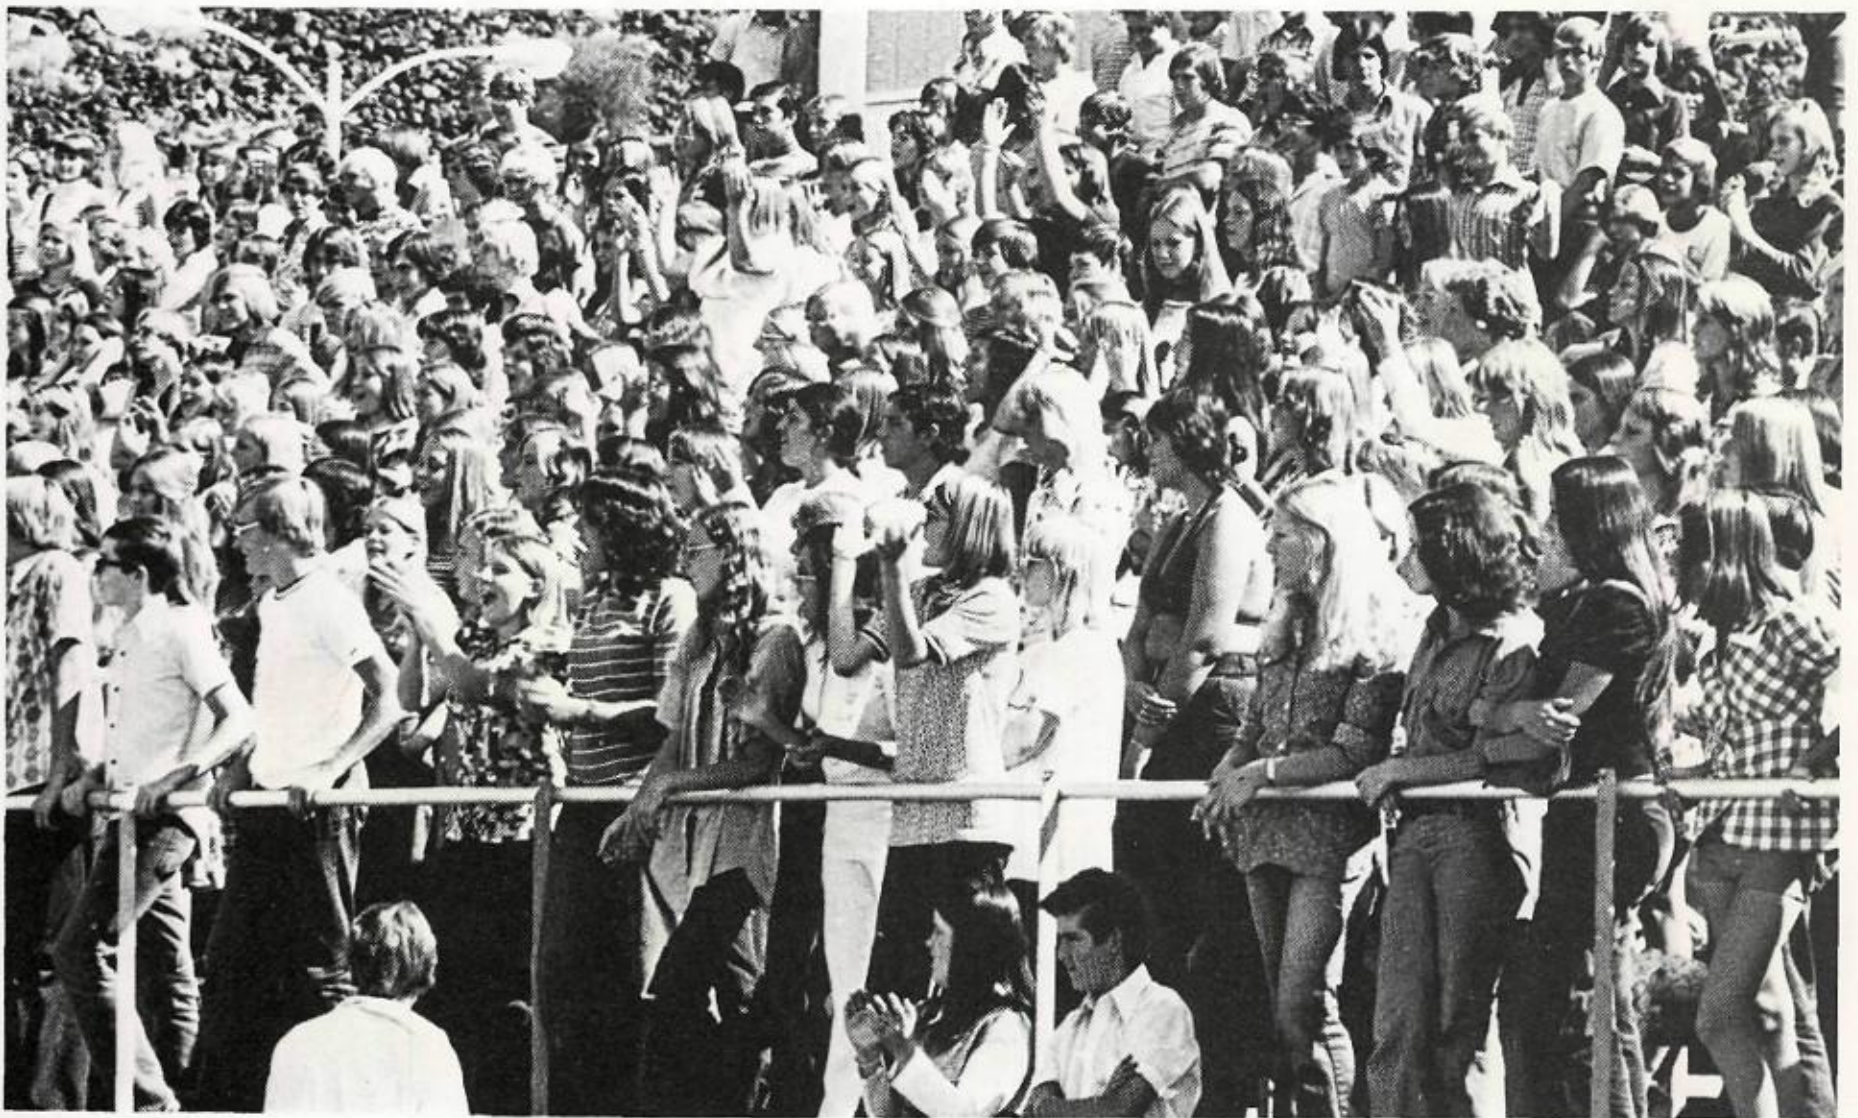

Student Life at Thunderbird is varied and exciting. During their four years together in school, Thunderbird students have the opportunities to participate in dozens of school activities, ranging from; assemblies to sports.

During their time as arrows held in the protective quiver of high school, they may become involved as participants or observers. Whichever they choose, they cannot help but grow and change as a result of being with their fellow students.

Student Life

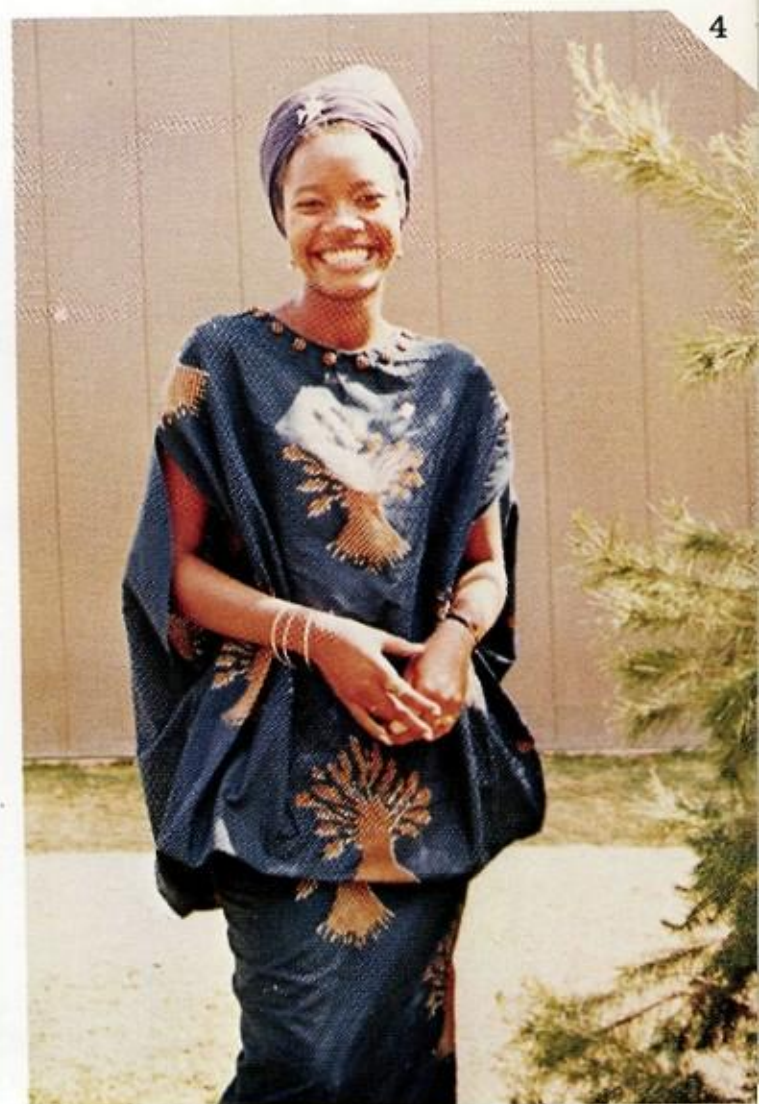

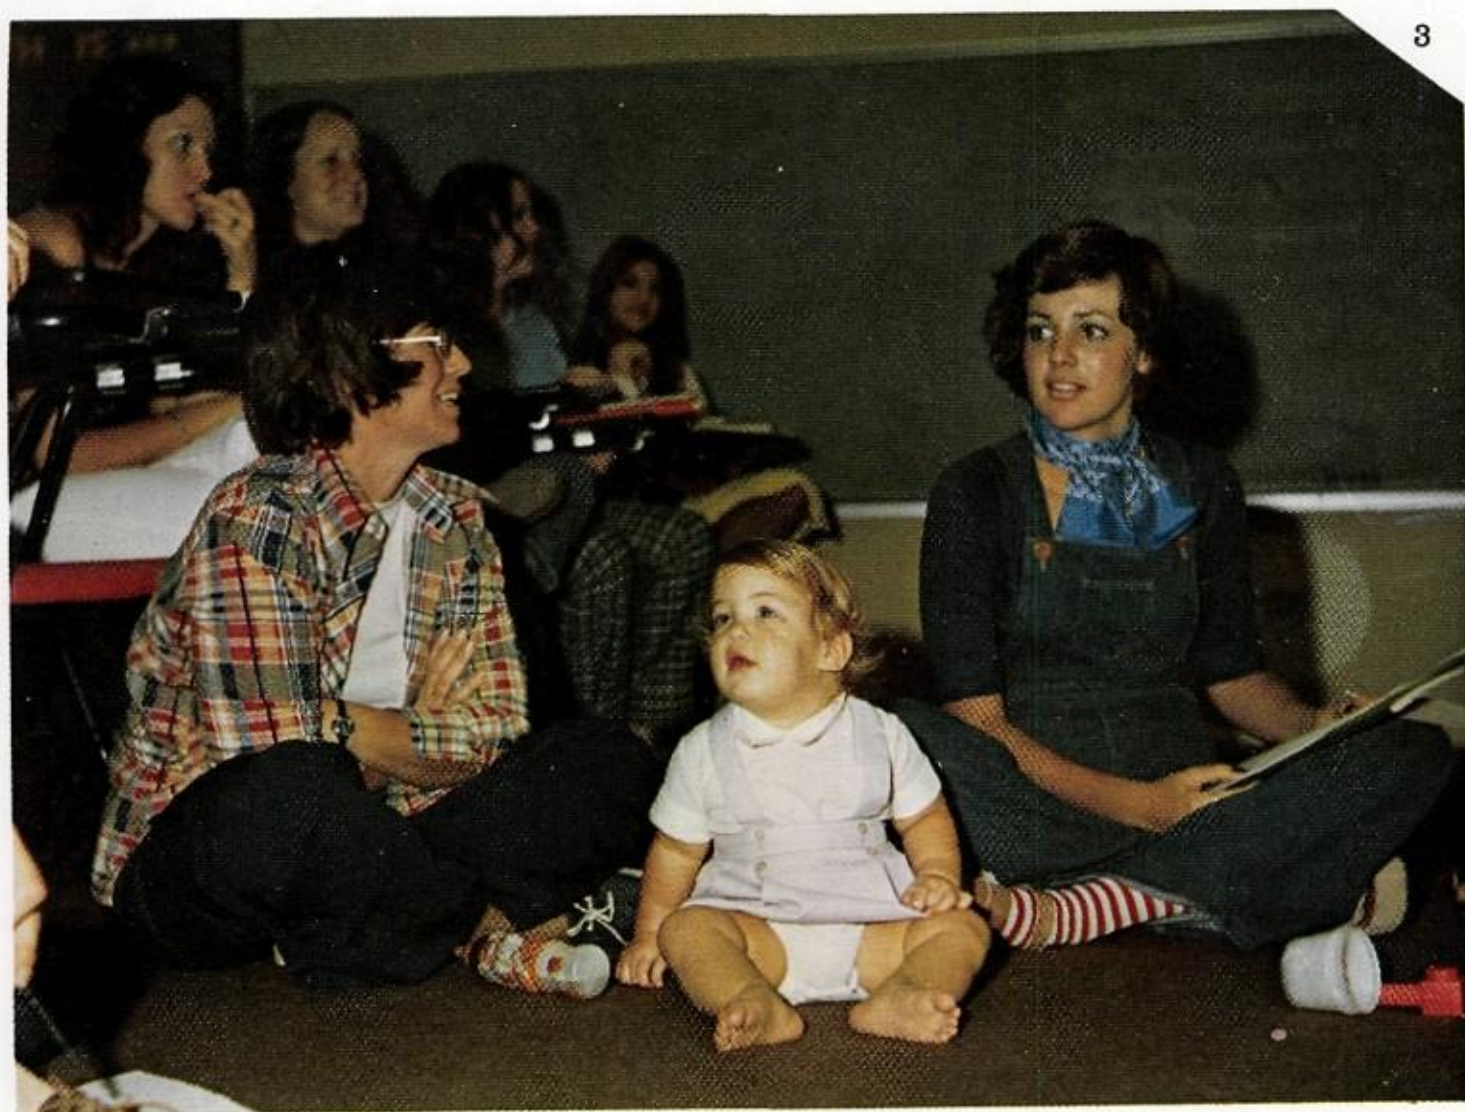

1 Two students pause at their new lockers before hurrying off for first hour. 2 THS students step off run one, to hurry and get under some protection from the rain. 3 Mrs. Hansen and her daughter Stephanie Hansen visit the Child Development classes, where Tamara Hohn observes the child. 4 Mardia Brumskine pauses between classes for a shot of her in her native Liberian Lappa suit. 5 Janie Stiak, Kathy Lay, Michelle Shagena, and Les Ordway have fun recreating the play 1776. 6 Jeff Laibe, and Don Dennis place a pot of aluminum into the furnace.

Eagerness typifies Thunderbird morning

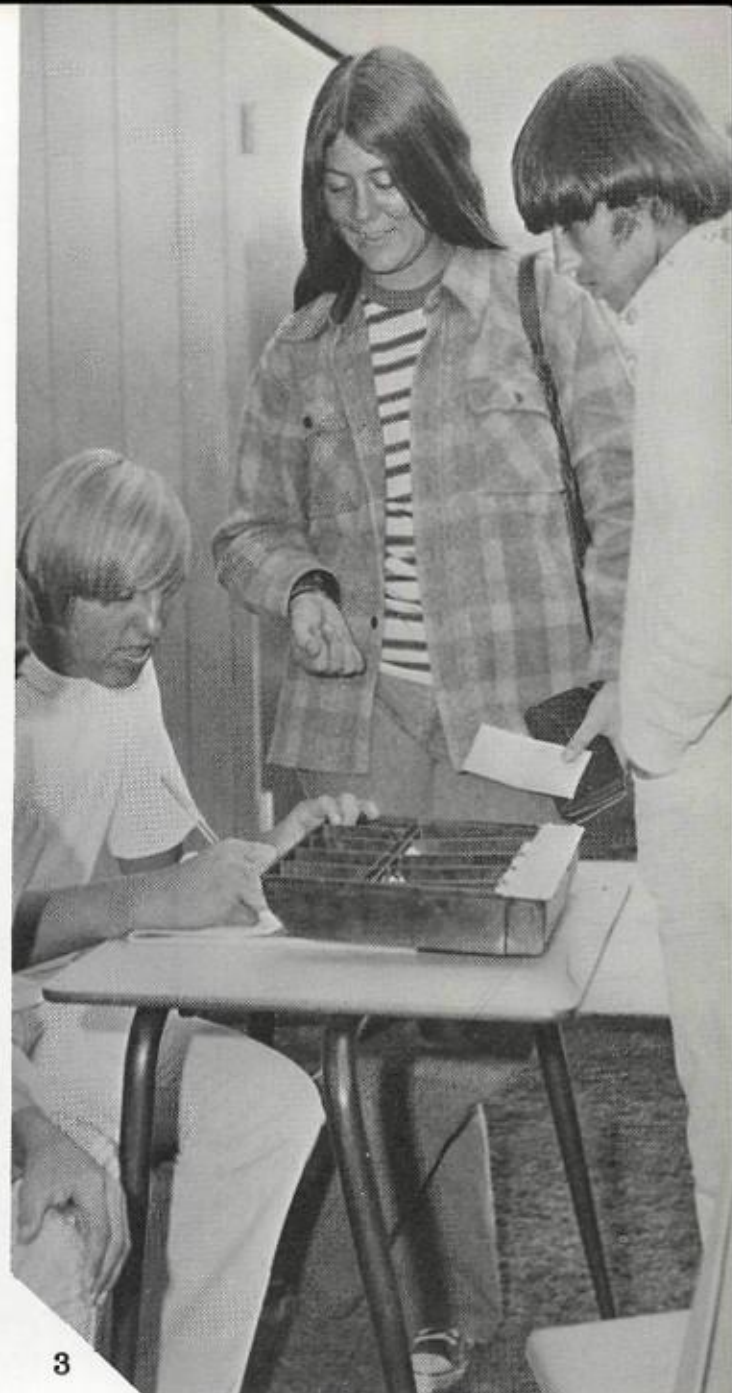

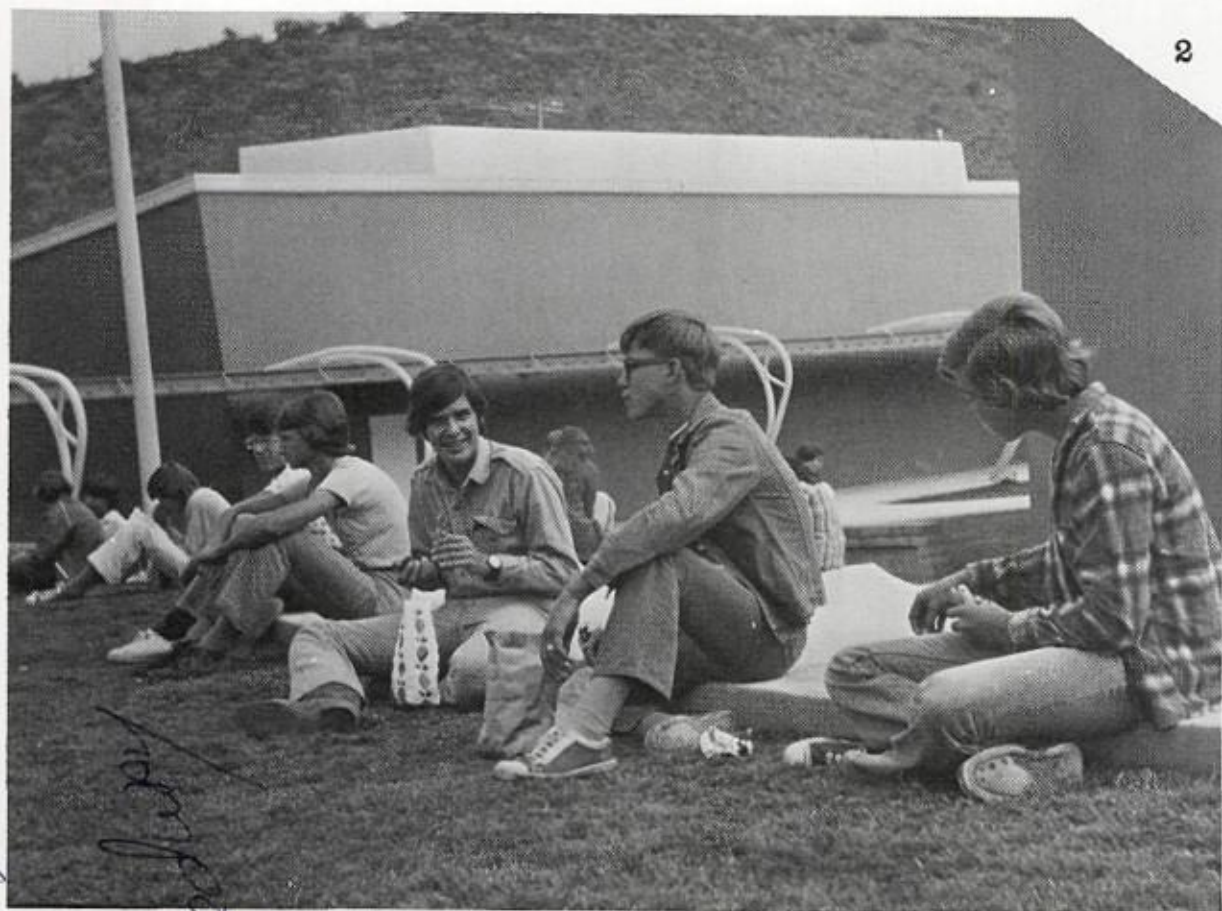

Nancy,
 well I don't know
 weather to cuss you
 or what. You've had
 plenty of your own
 problems so I hope
 you work them out.
 Same goes for me

Too but now I can take it
 or leave it because my
 problems usually just
 work themselves out with
 time. Some sgin goes for you -
 give it the summer and
 you'll be altogether a better
 person. Hope to see you this
 summer if I'm in Phoenix and
 do something. Bob's been really
 been wasting me and wants to
 write in this so maybe I better
 let him. So I want a real down

1 Girls in our school cafeteria make good use of the lunch period to relax, eat and do a bit of last minute studying. 2 Students could also relax while eating on the grassy areas on campus. 3 Nick Taylor, a yearbook staffer, writes a receipt during the October sales campaign held during both lunches. 4 During the hot months students find shady spots under the covered sidewalk to eat and gossip. 5 More snack bar lines and the grab and run hamburger special meant more time to enjoy visiting with friends.

Lunch period provides chance to relax, visit

Spirit, laughter, concern

1 Mr. Rush Faber, Mr. Roy Huston, Mr. Manny Rivero, Mr. Dale Bauman and Mr. Larry Prochnau pretend to be the voluptuous Glendale High cheer line at the second pep assembly. 2 Mrs. Darlene Fritsche, Mrs. Marilyn Davidson, Mrs. Jan Howard, Mrs. Maria Hoffman, Mrs. Artie Miller, and Mrs. Sharon Legge continue the spoof as the Glendale varsity football team. 3 Mr. Ralph Gaxiola wins the trike race hands up. 4 Leslie Scott, student body vice president, introduces the other student body officers and senators at the third all school assembly. 5 The cheerleaders promote a two-bits cheer from each class at the first pep assembly after school.

After school activities include dances, plays

3

1 Rehearsal for the play "The Glass Menagerie" kept students busy after school. 2 Students enjoy walking home from school in the rain. They don't have to worry about the heavy traffic either. 3 Students take a break from dancing to get refreshments during the Student Council dance. 4 At the student council dance students enjoy the music as well as dancing to it. 5 Cars line up in school campus traffic after a long day is finished.

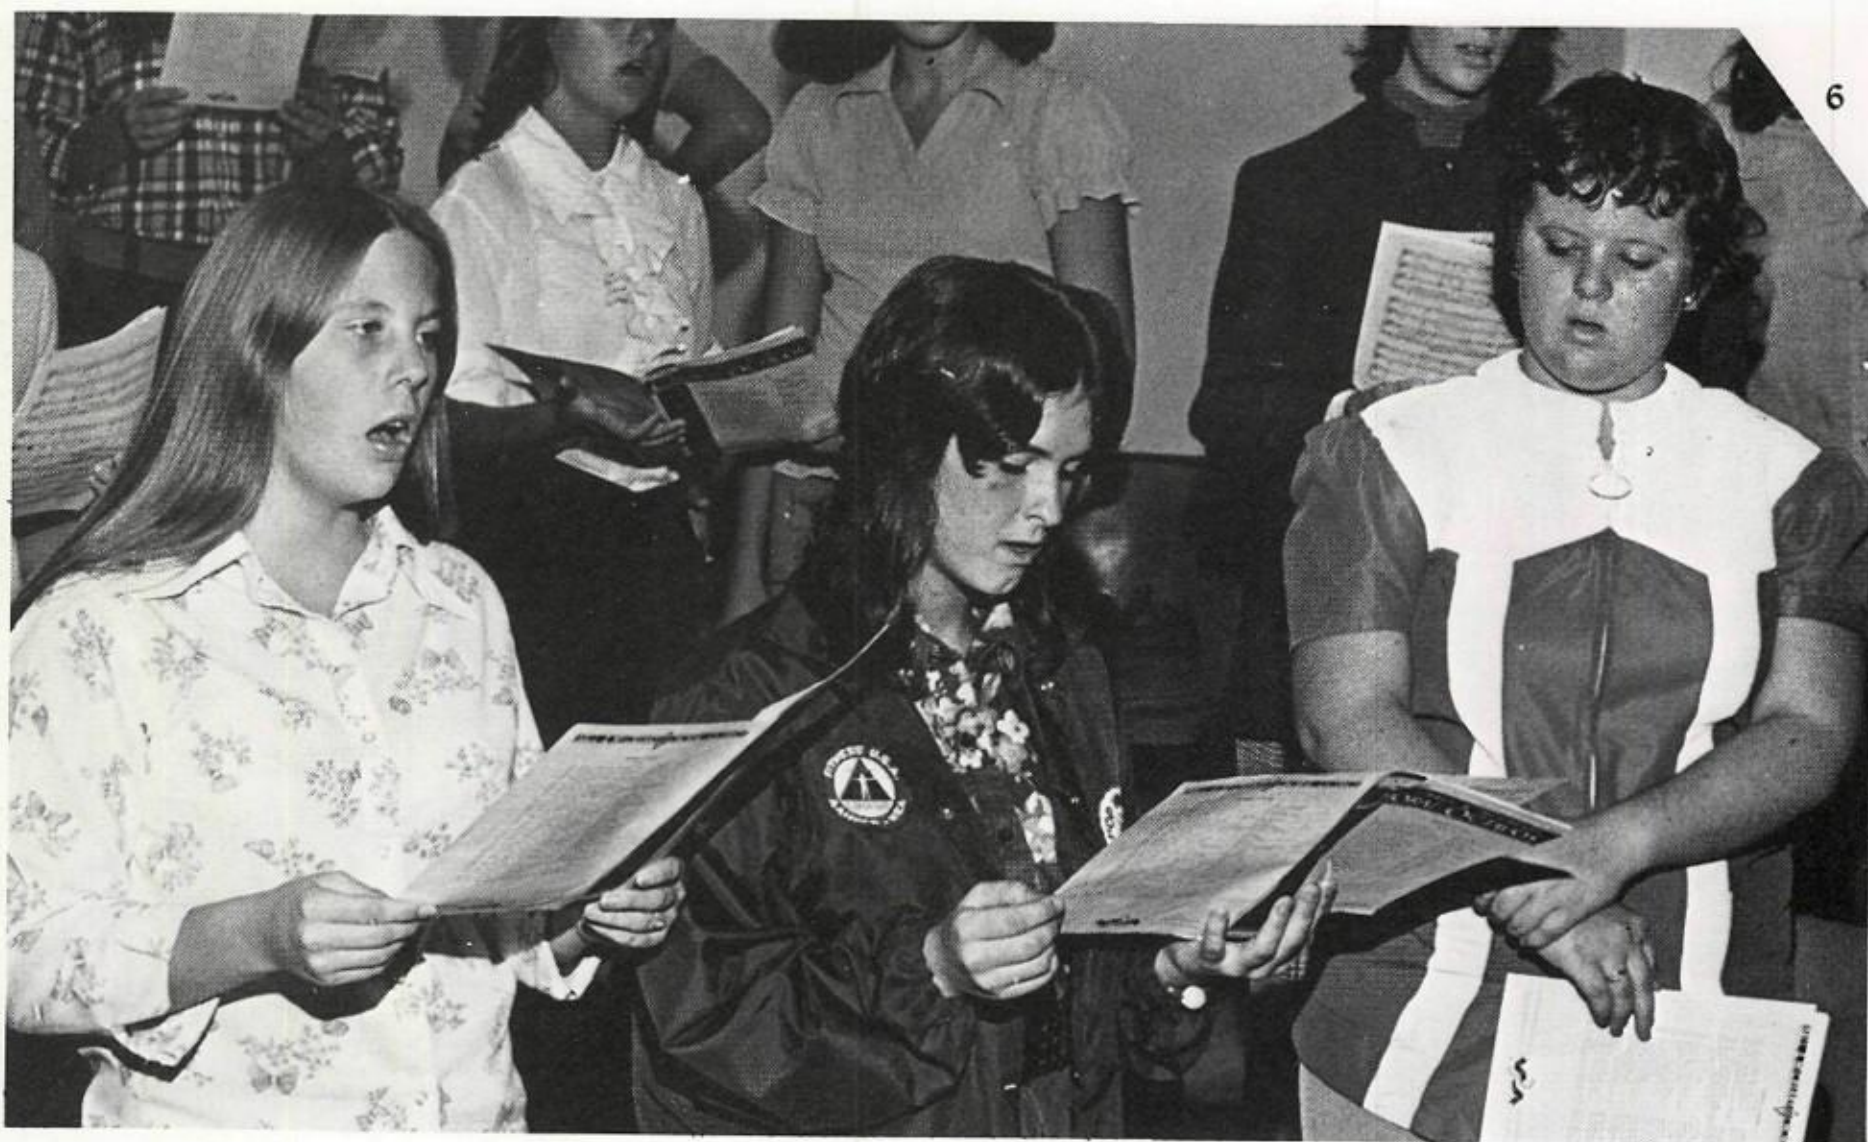

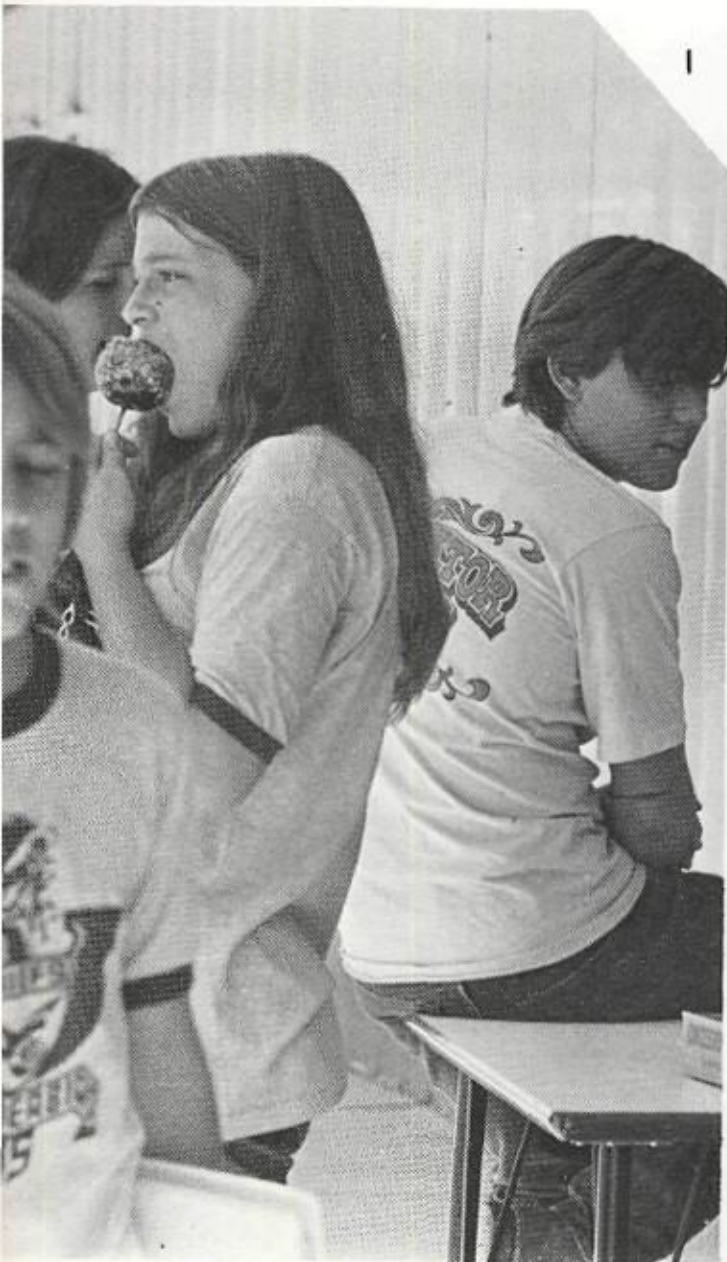

4

Victorious varsity games build Chief's enthusiasm

1 Jerry Murphy no. 62 for the THS Chiefs runs through the paper at every game. 2 Cindy Derrington rides her horse Coco-Tar before the games to start the evening of enthusiasm. 3 Mike Capulli runs with the ball for a touchdown at the Washington game. 4 Aeroettes perform with the band during half time to keep up the spirit of the crowd. 5 Poms, cheers, and side line tumblers dance to the fight song as the crowd cheers for a touch-down.

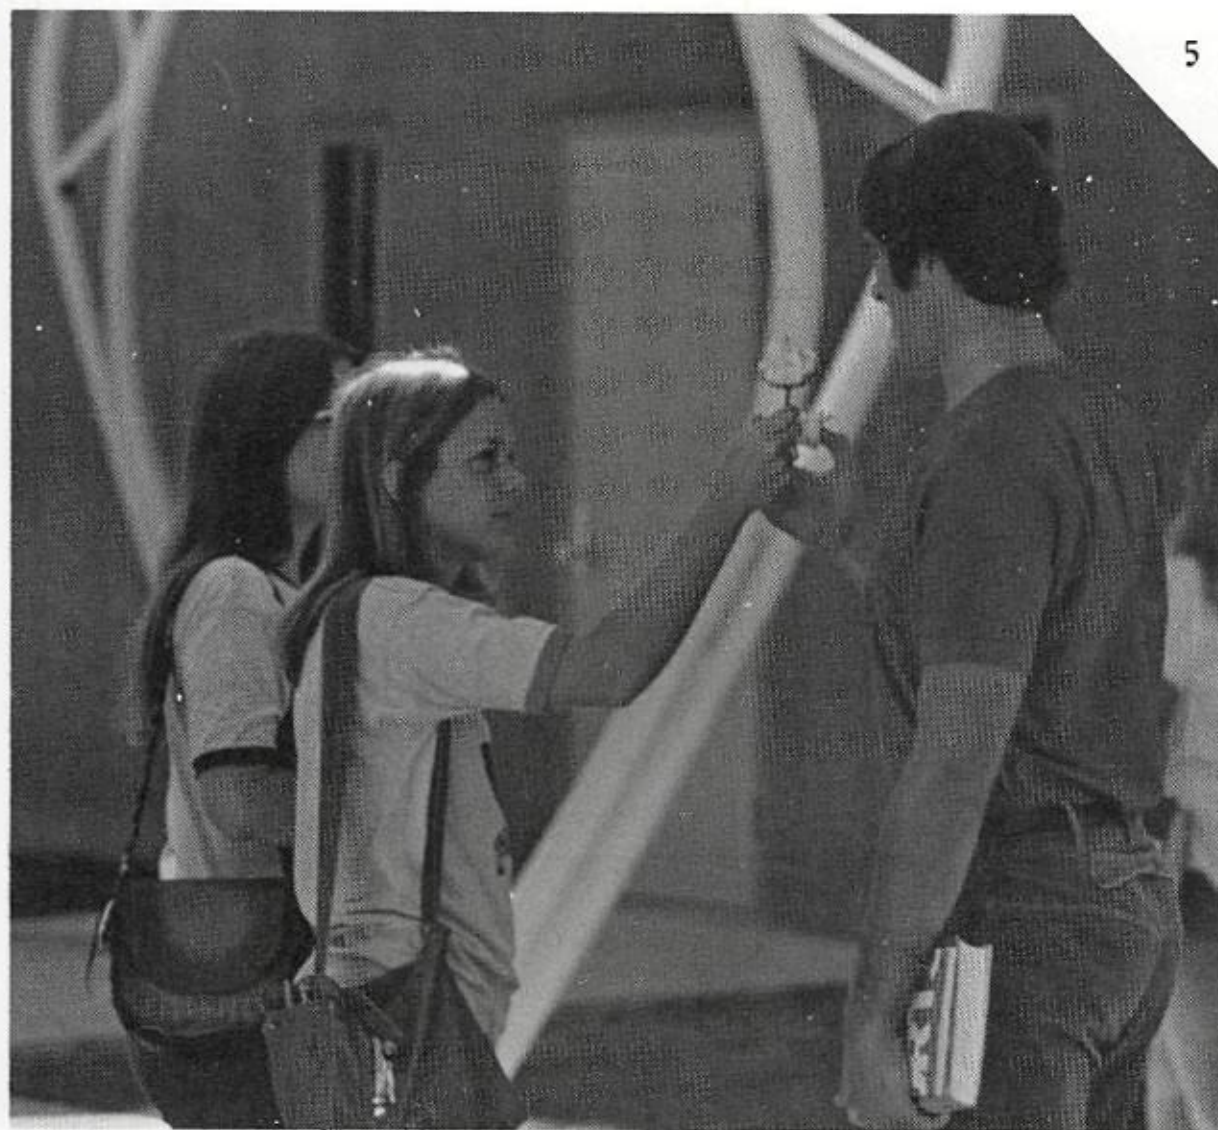

Chiefs devote time to support projects

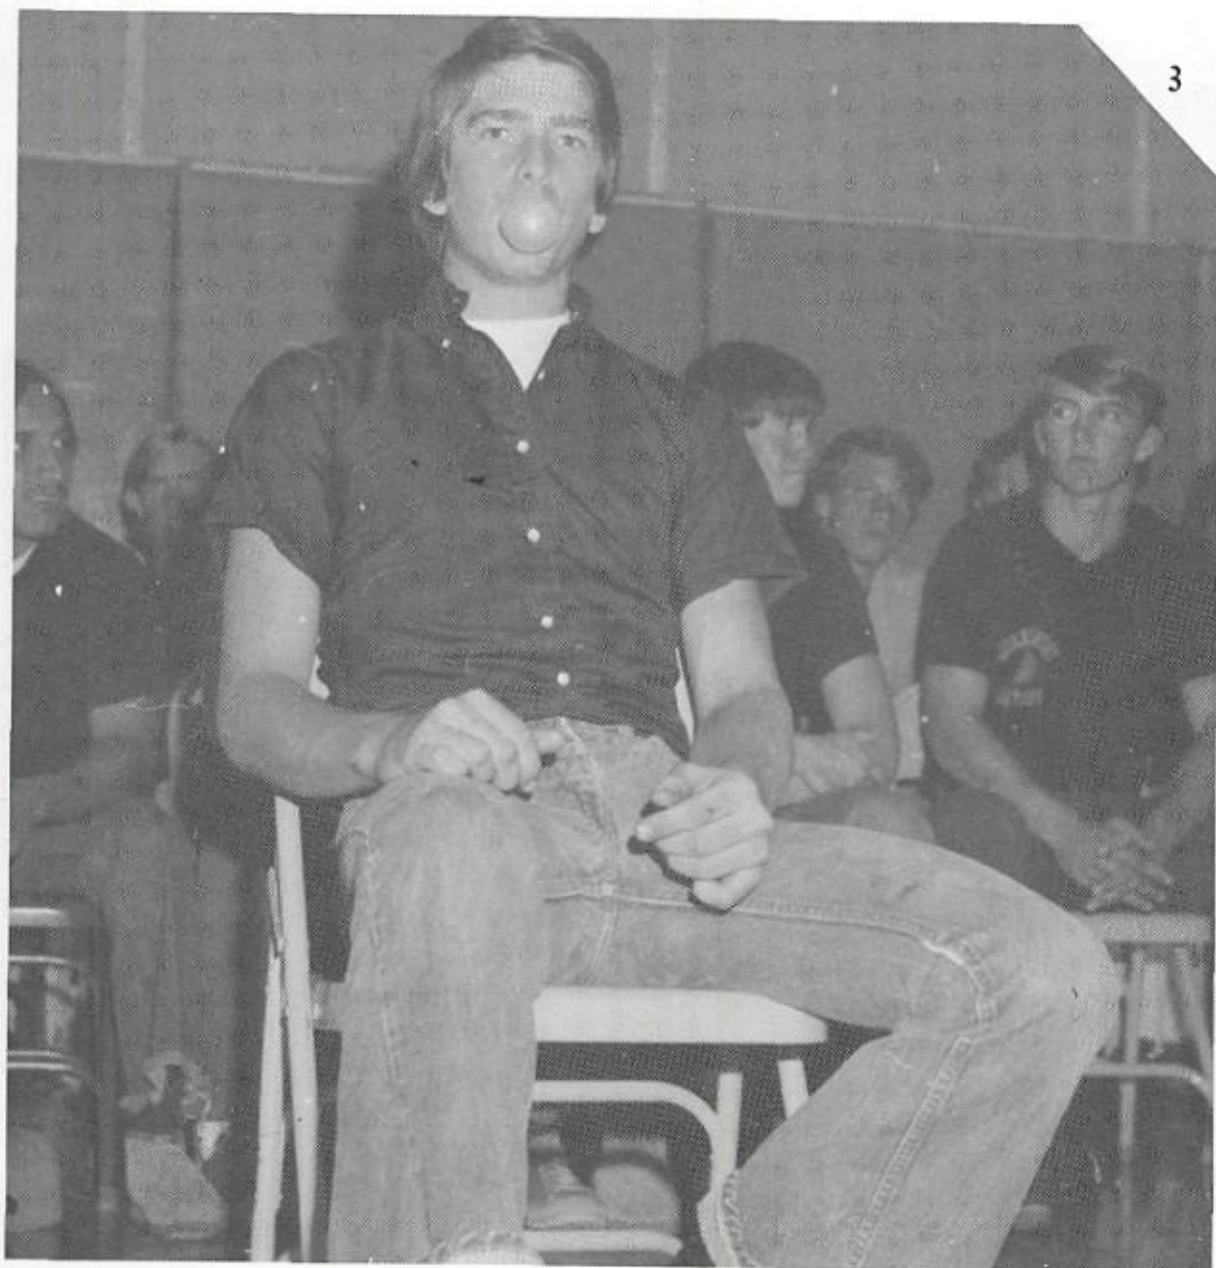

1 Students buy candy apples during the candy apple sale to help support the Spikettes. 2 Jeri Buzan donates blood during the blood drive at THS. 3 The band shows its spirit by practicing in the mornings, to get ready to play at the games. 4 Students like Diane Foggy help out in the media center. 5 On T-Shirt day students wear t-shirts, sold by the Senior class, to show spirit and support the team. 6 Penny Brown, Barbara Modiak, and Jean Kestner practice in their beginning chorus class, to get ready for their chorus concert.

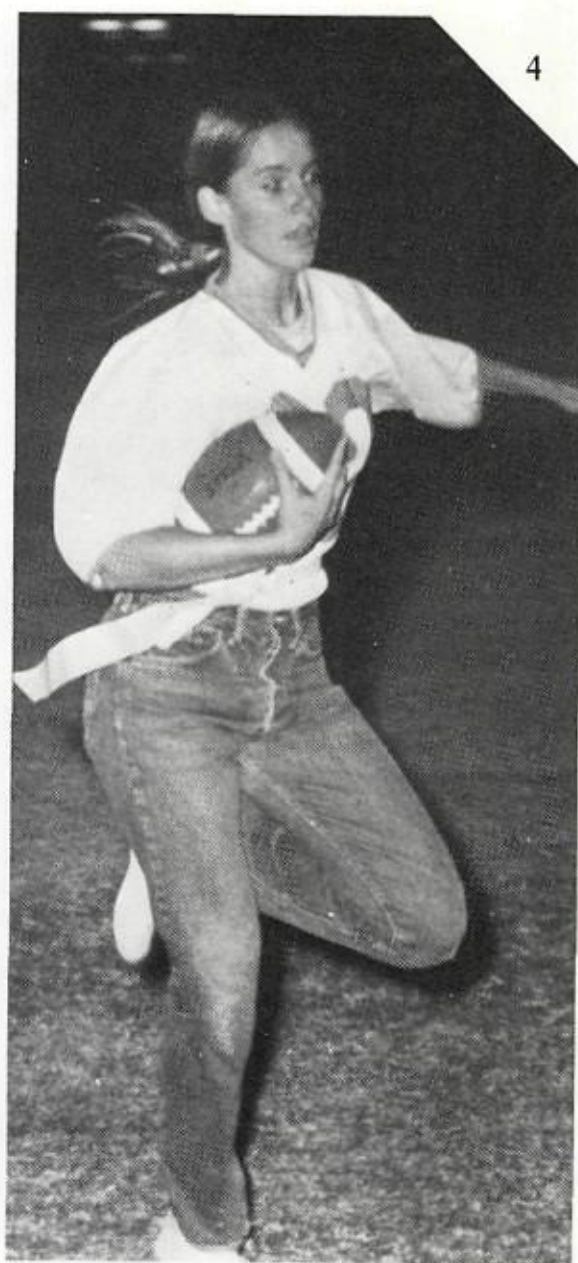

Pow Wow Week resumes tradition

1 The freshman attendants Vincent Waldron, and Barbara Christofanelli, and sophomore attendants Bruce Boucher, and Jodi Rall ride in style at Pow Wow Halftime. 2 Cheerleaders dress up in 50's outfits to capture the mood during an assembly. 3 Mark Erwin is chosen to represent the freshmen with his bubble gum in a bubble blowing contest. 4 Paige Roepke runs with the ball in one of the Powder Puff games. 5 The ambitious crowd cheers on the players in the game, as balloons are being released. 6 Junior girls rejoice with one another after a good play in the Powder Puff game during Pow Wow week.

Major events occur during December

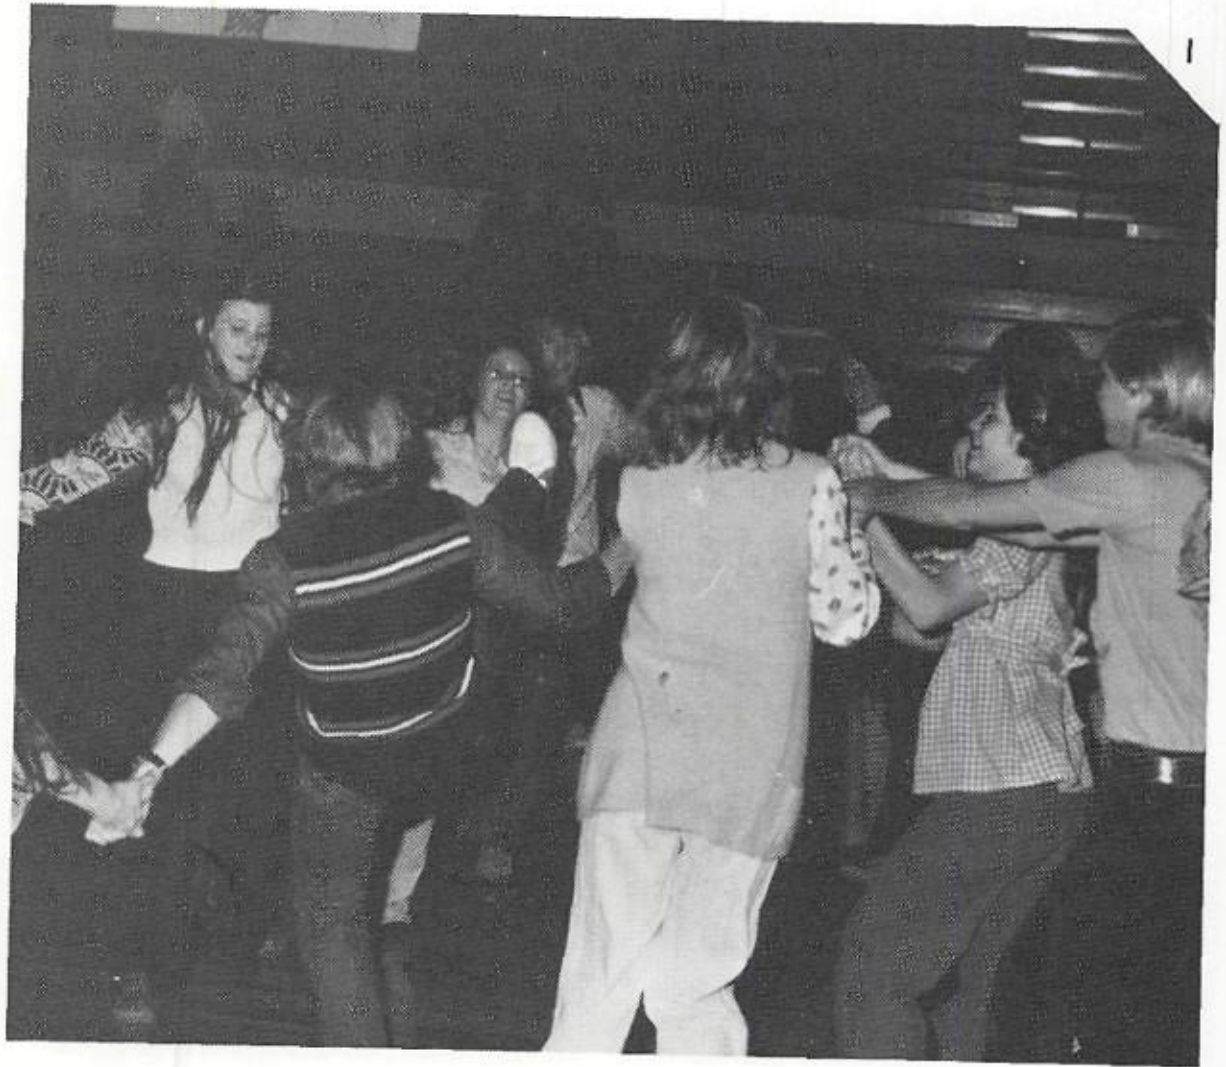

1 Mr. Stiak pauses to talk to a couple of parents during Open House. 2 Mr. Robert Ivonelli talks with parents and students while he has a free moment. 3 The mixed chorus group performed a concert during the Christmas season. 4 The Drama Club presented a production entitled "The Effect of Gamma Rays on Man in the Moon Marigolds". Portraying the part of "Nanny" is Michelle Bailey. 5 Tammy Austin playing the part of Beatrice speaks to Keeley Kelley playing the part of Ruth. 6 Tamera Holn portraying the part of "Janice" gives her presentation to the school.

January filled with song, dance, work

Along with the new style of music, a new style of dance was offered at the January dance. Everyone gathered together in one huge circle hand in hand, and foot to foot. It took a lot of coordination, but after a few tries the steps were mastered. The dance was sponsored by student council to benefit the Salvation Army. Shades of Soul was the band. 1 Circle dancing is fun for groups of couples to dance together. 2 Single dancing is still an old favorite among THS students.

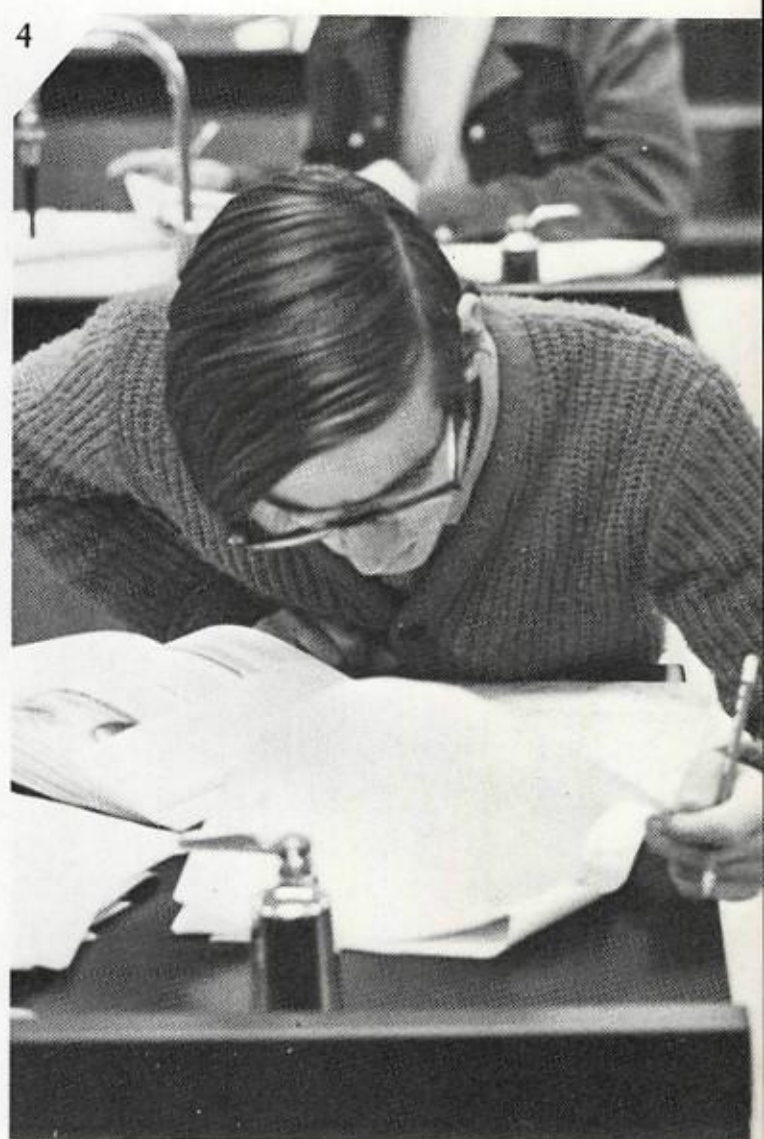

3

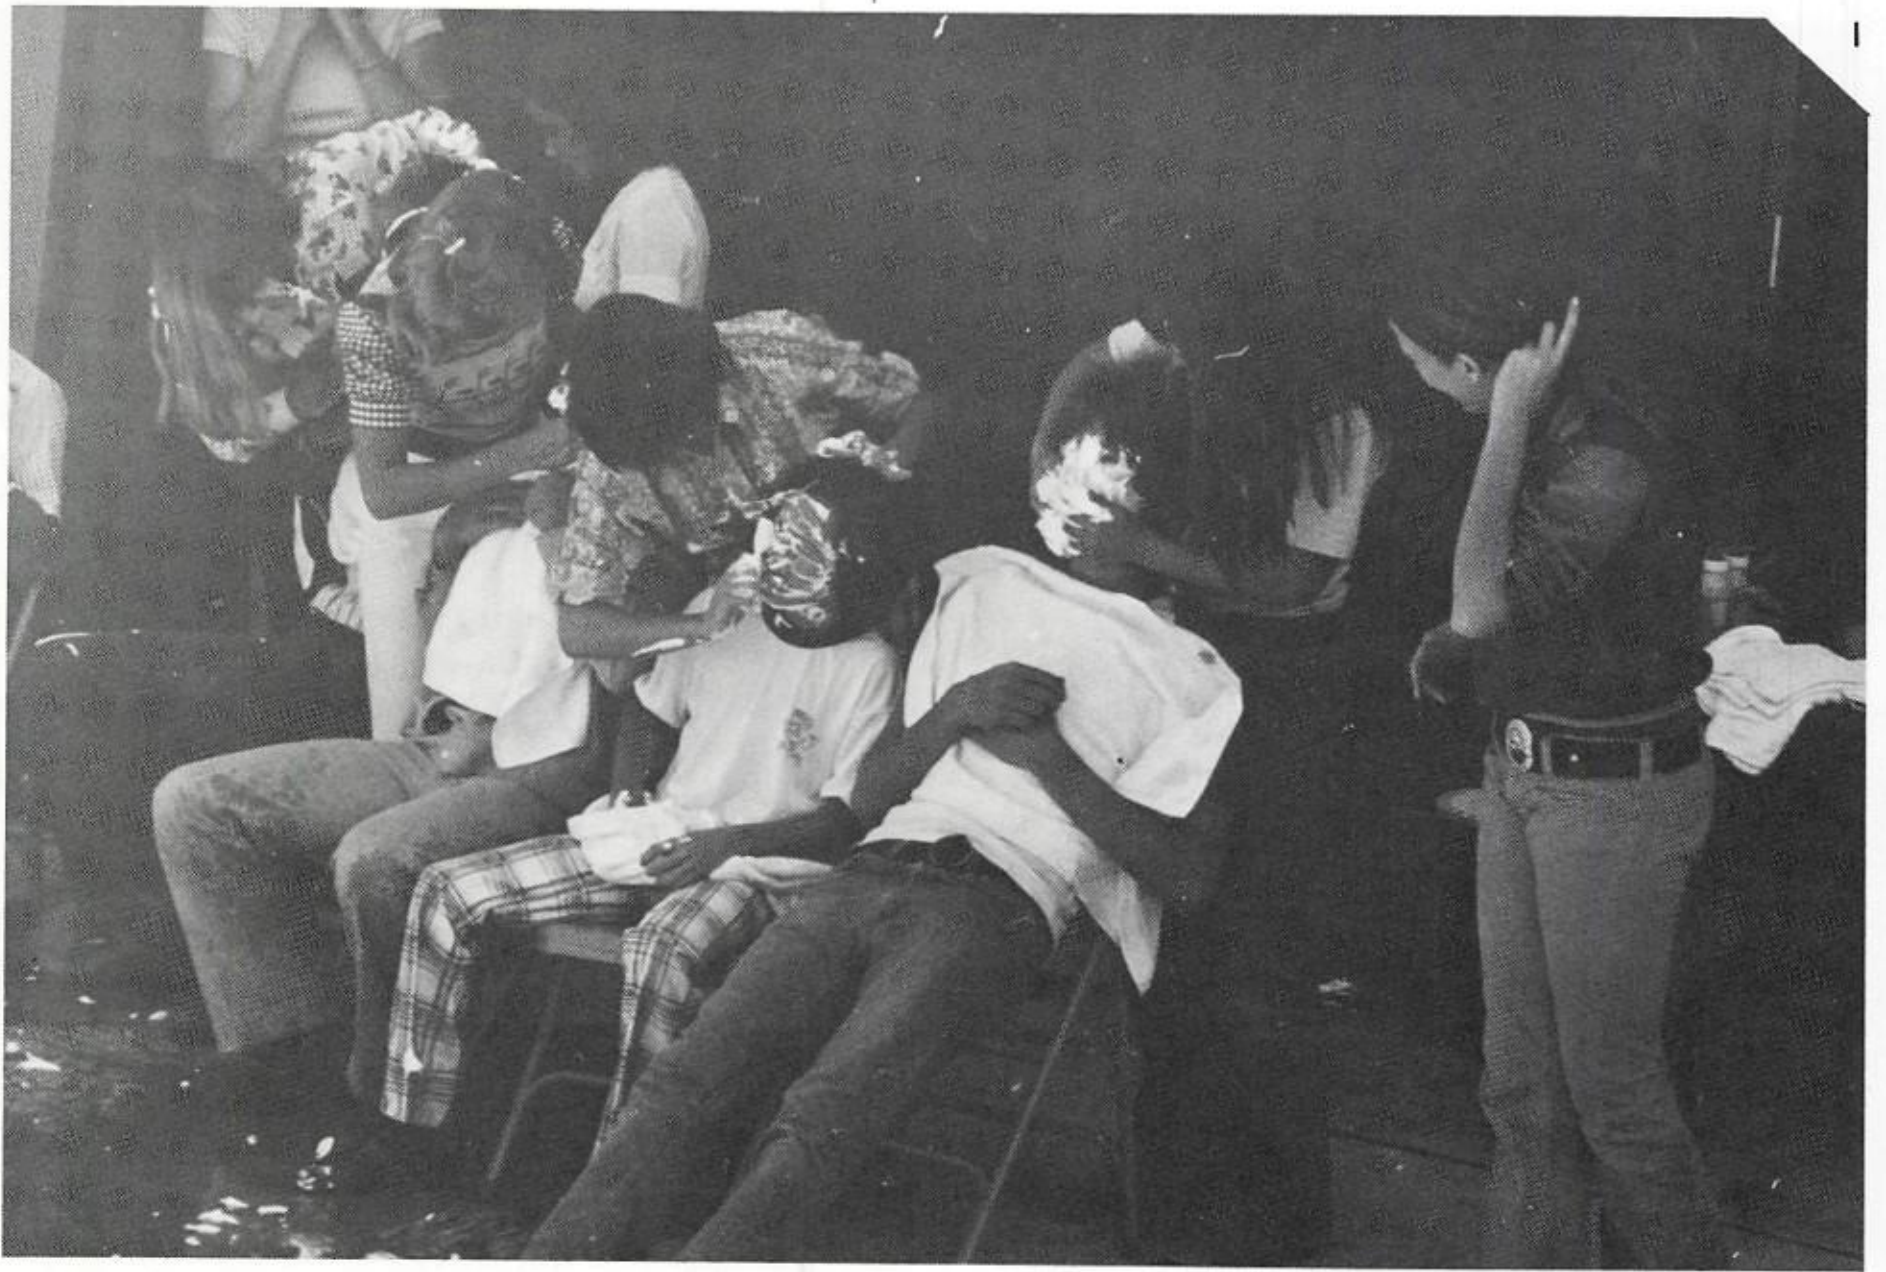

3 Seniors are measured for caps and gowns before graduation to insure a proper fit. Here Becky Mast is getting fitted for her cap. 4 For one week during each semester comes a time for students to cram, study, and prepare themselves so they can successfully pass the exams given in their classes. Louis Howley tries to complete his exam in the time which is allowed. 5 The trash campaign contest that the Student Council sponsored gave club members a chance to gather together to paint trash cans and then to enter them in the trash can painting contest before the deadline. Here two students are applying the first coat of paint to the can before going on with the design which their group has chosen to put on the can. GAA came in first place with the most unique design of all. DECA came in second with a most interesting design.

Jocks challenge Freaks in February

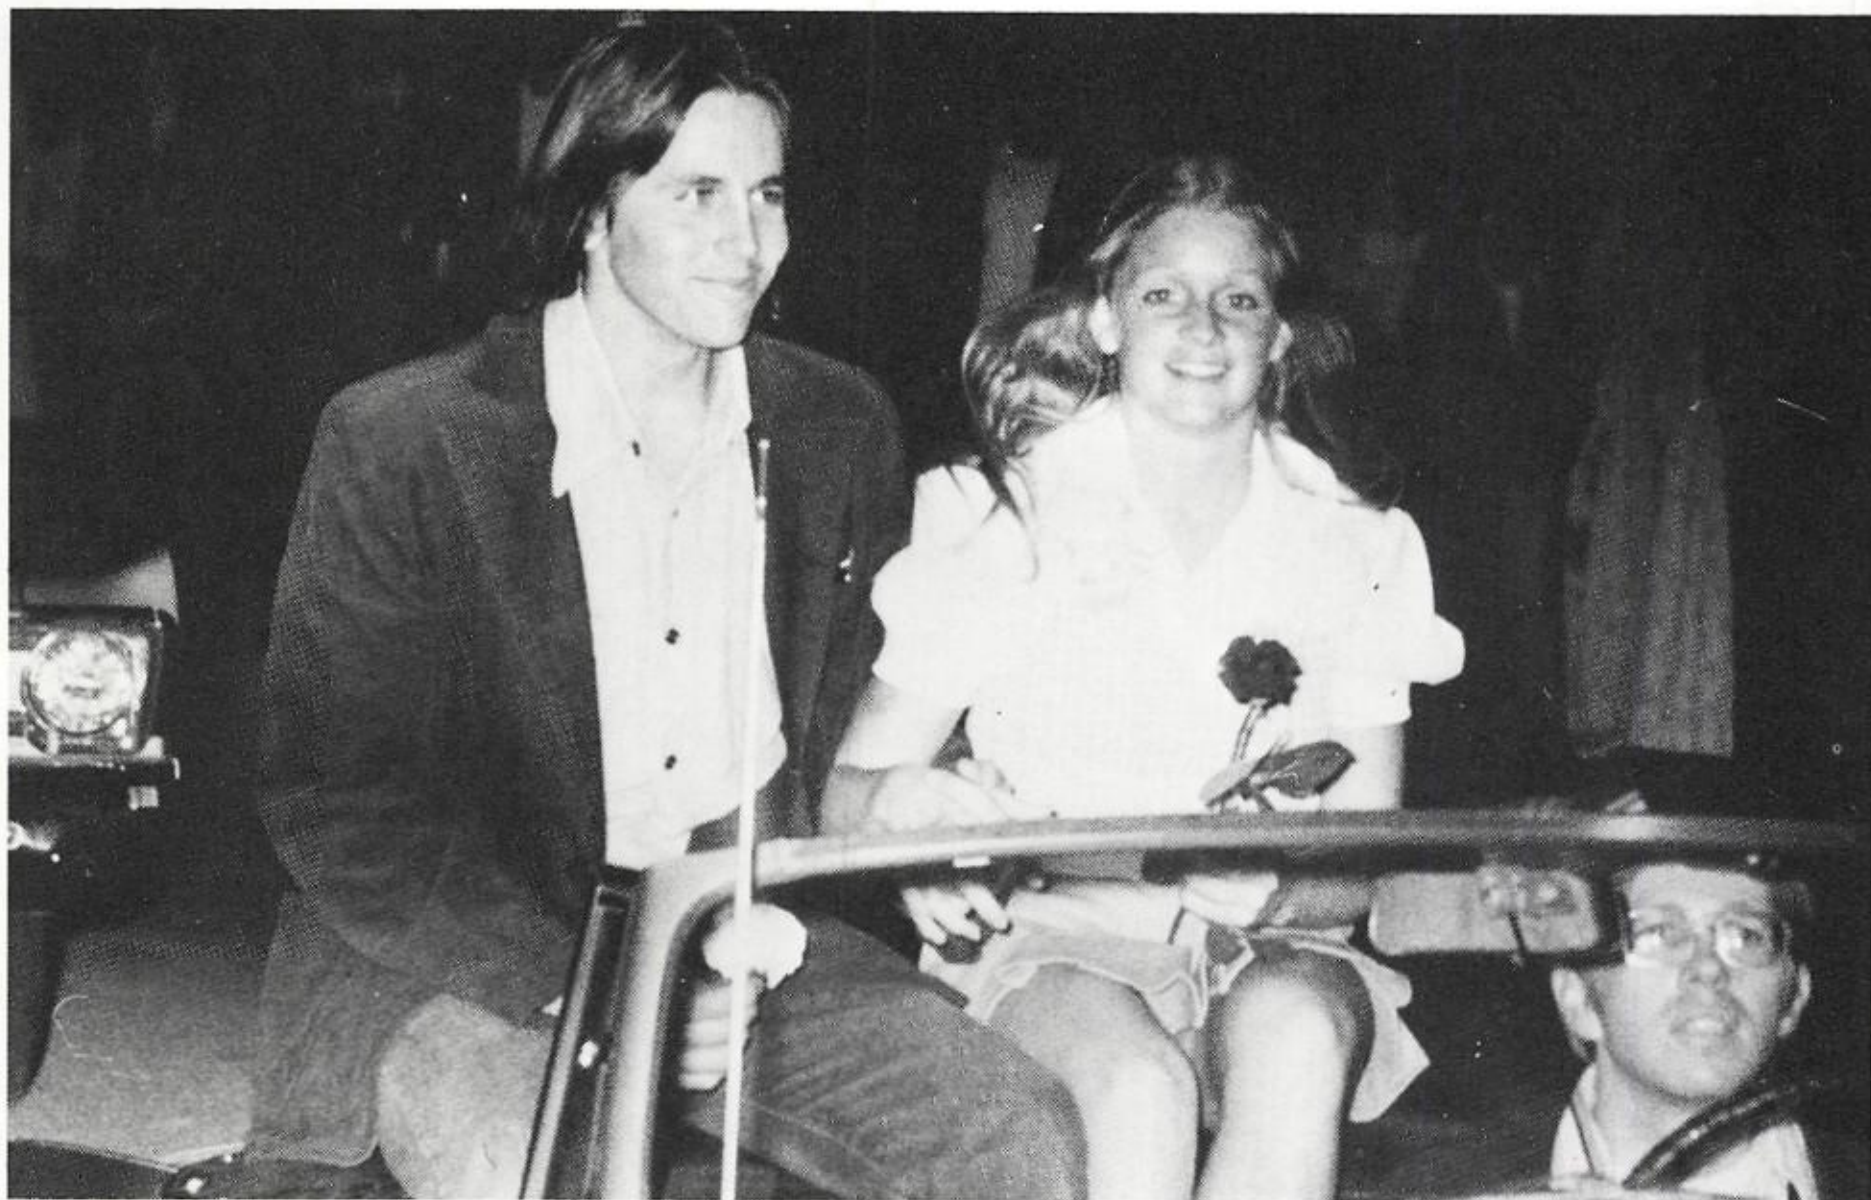

2 1 During Spirit week some Sophomore girls try their hand at a shaving contest. 2 All of the faculty and administrators gathered in the cafeteria for a banquet to welcome the North Central Evaluating team. 3 Several students in the Jocks and Freaks basketball game jump for the ball. 4 Jeff Patten takes a quick shoot while opposing team tries to stop him in the Jocks and Freaks game. 5 Dave Watson and Debbie Veldhuis race to see who is the fastest "beer" chugger on senior day. 6 Brenda Daly smiles happily as she is crowned Sweetheart of '75 by Jeff Bladon president of the Key Club.

HONORS

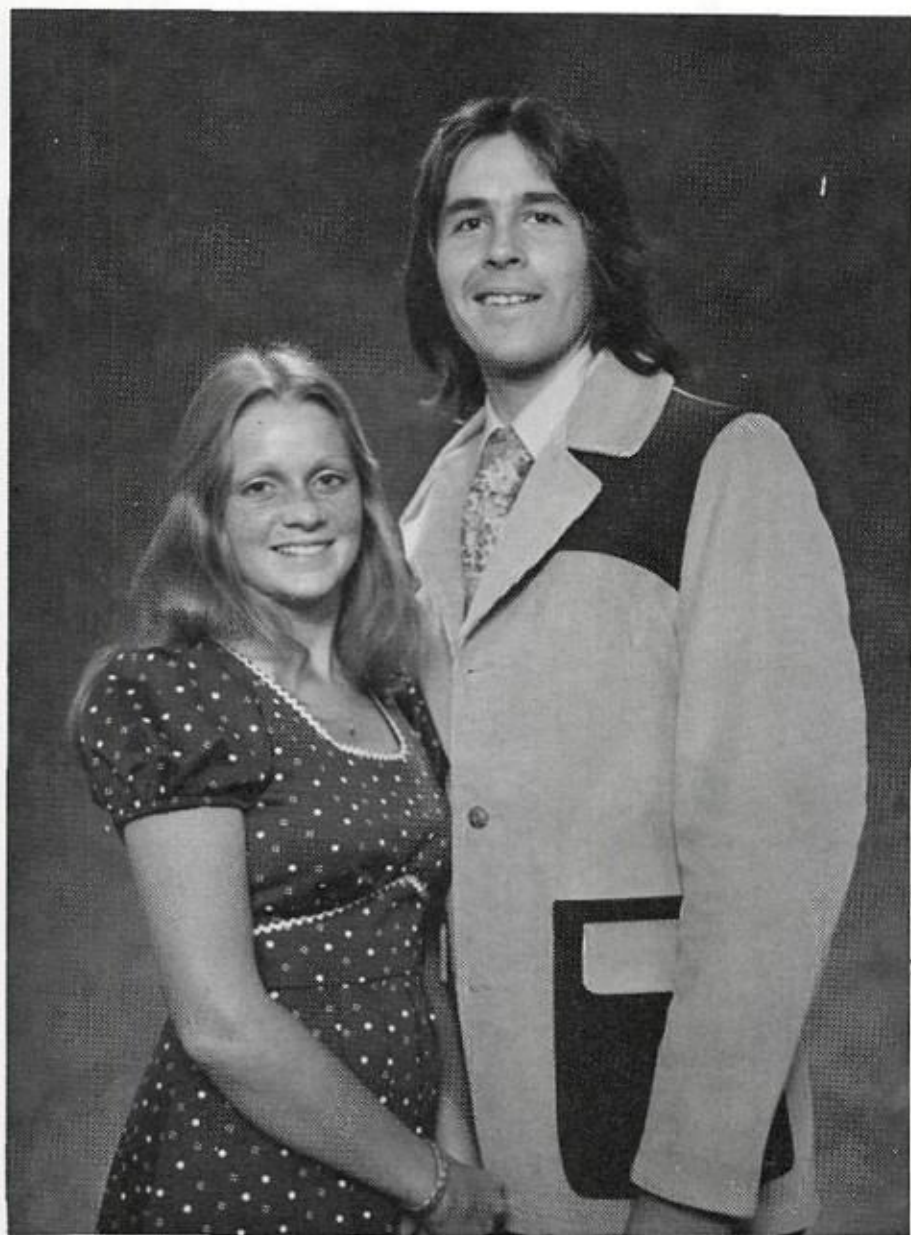

Special students are chosen to represent the school, just as special arrows are chosen to represent the Archer's skill in making his arrows. Much time and consideration is spent in choosing people for the outstanding roles on campus, just as the Archer's time is spent in perfecting his arrow, his masterpiece.

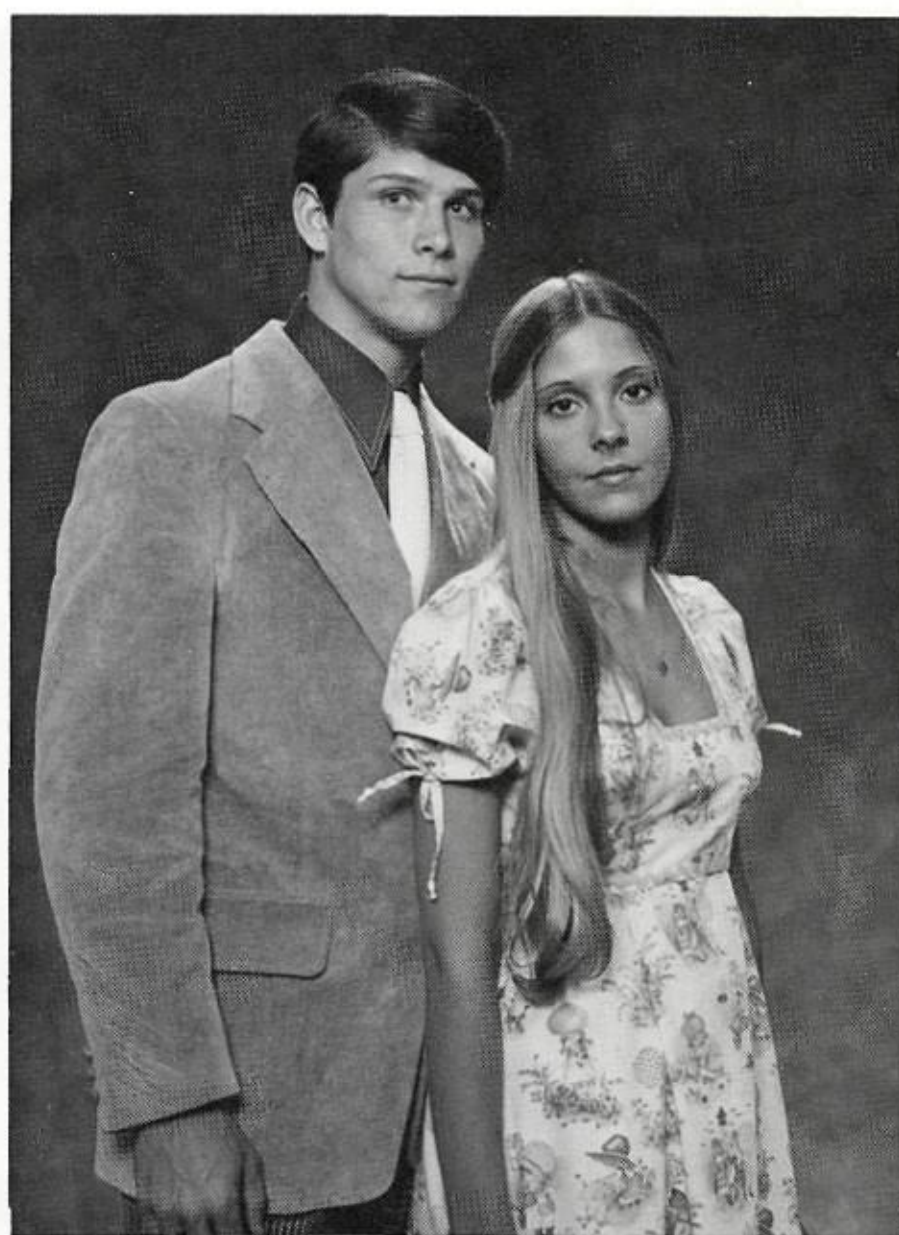

Steve, Sam chosen to reign as royalty.

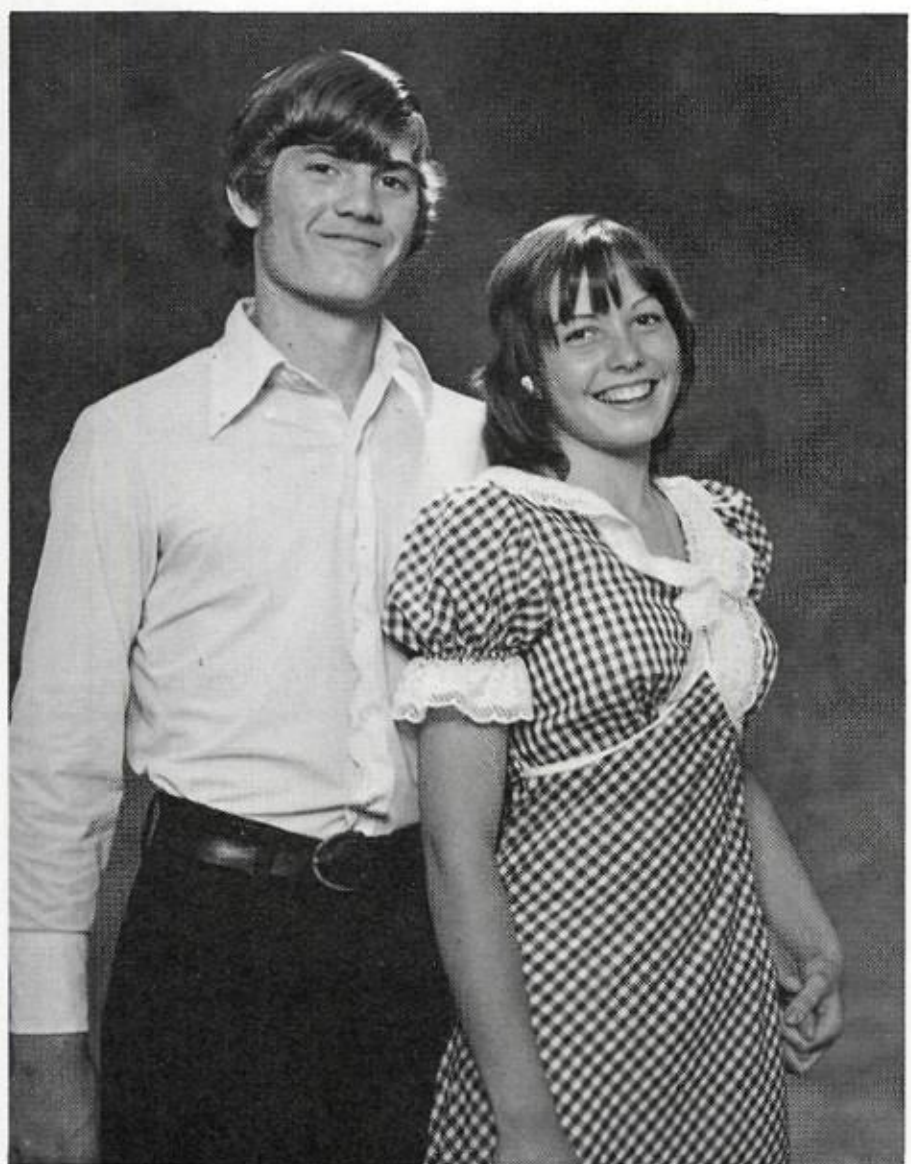

During Pow Wow week the entire student body voted on their choices for the Pow Wow King and Queen. Each class selected attendants for their own grade level. Pow Wow King and Queen for 1974-75 are Steve Mathes and Sam Hart.

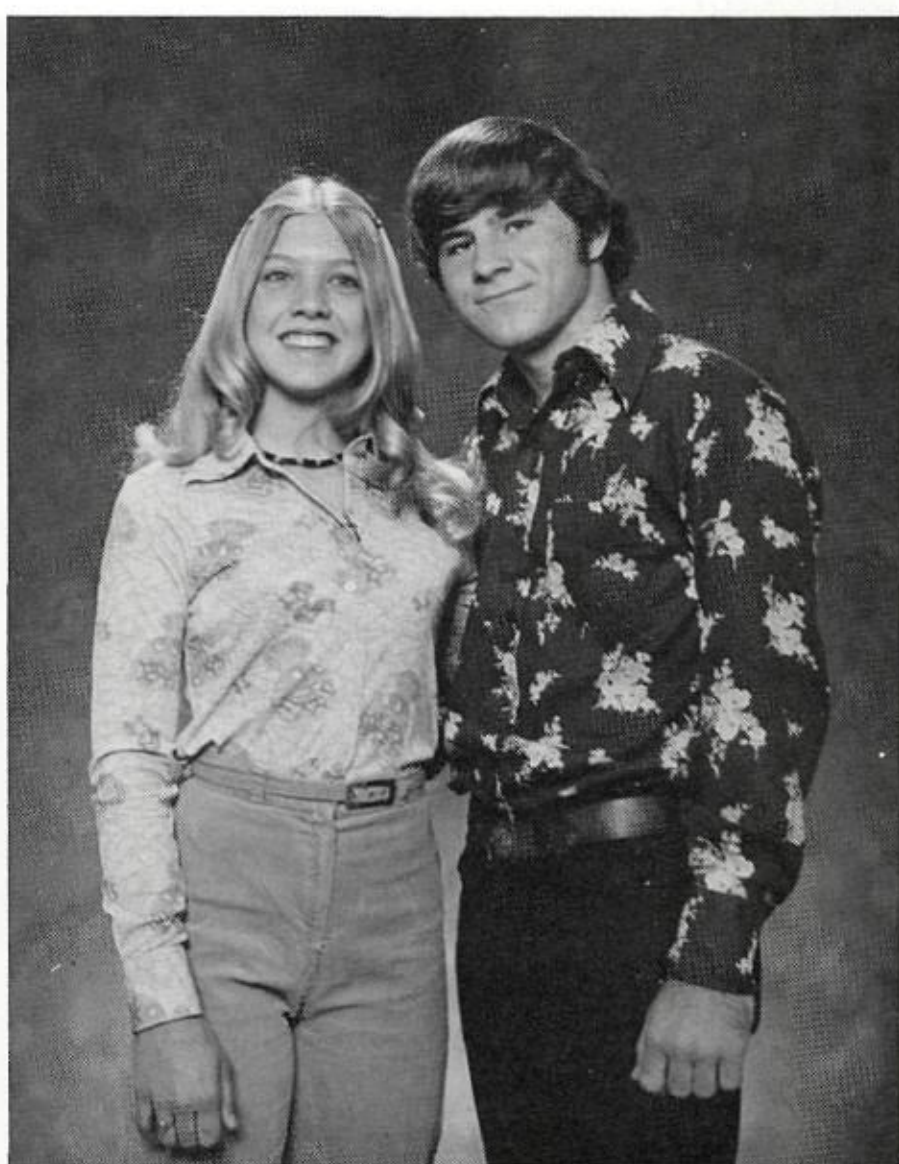

Senior Attendants: Steve Riter and Vicki Dahl.

Junior Attendants: Glen Jones and Sue Jones.

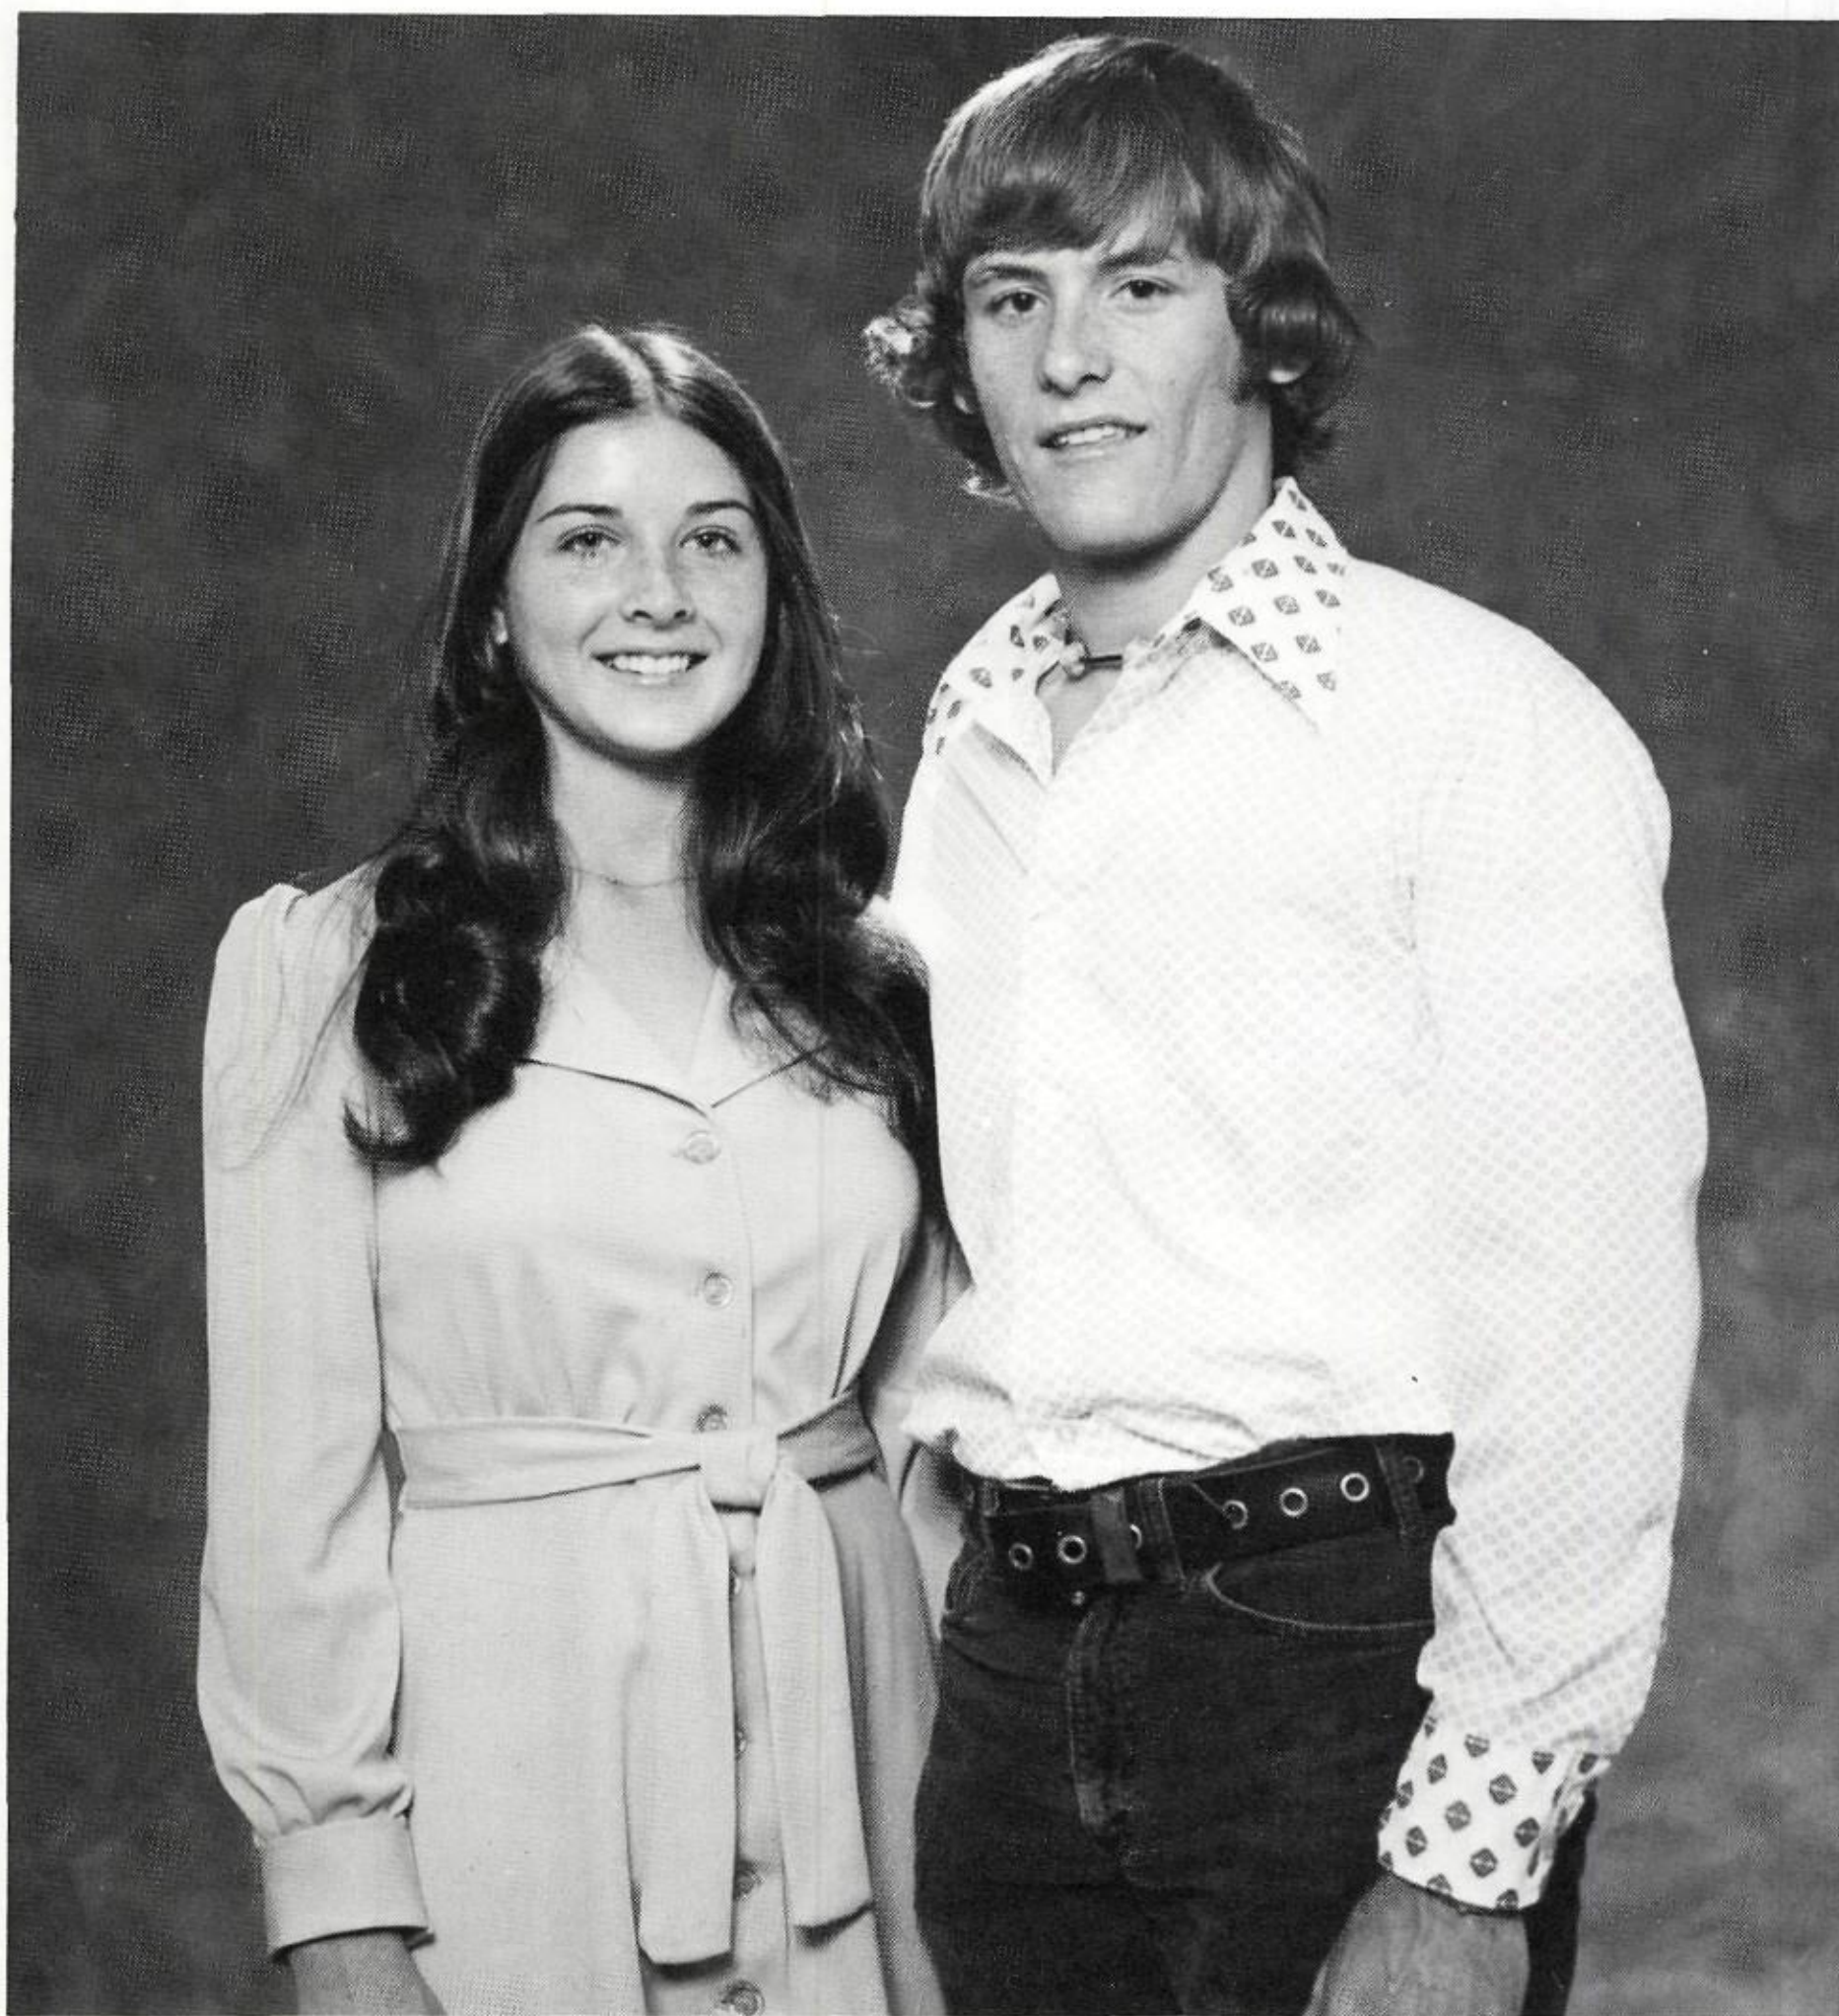

Sophomore Attendants: Bruce Boucher and Jodi Rall.

Freshman Attendants: Venny Waldron and Barb Christofanelli.

Rusty, Val chosen outstanding seniors

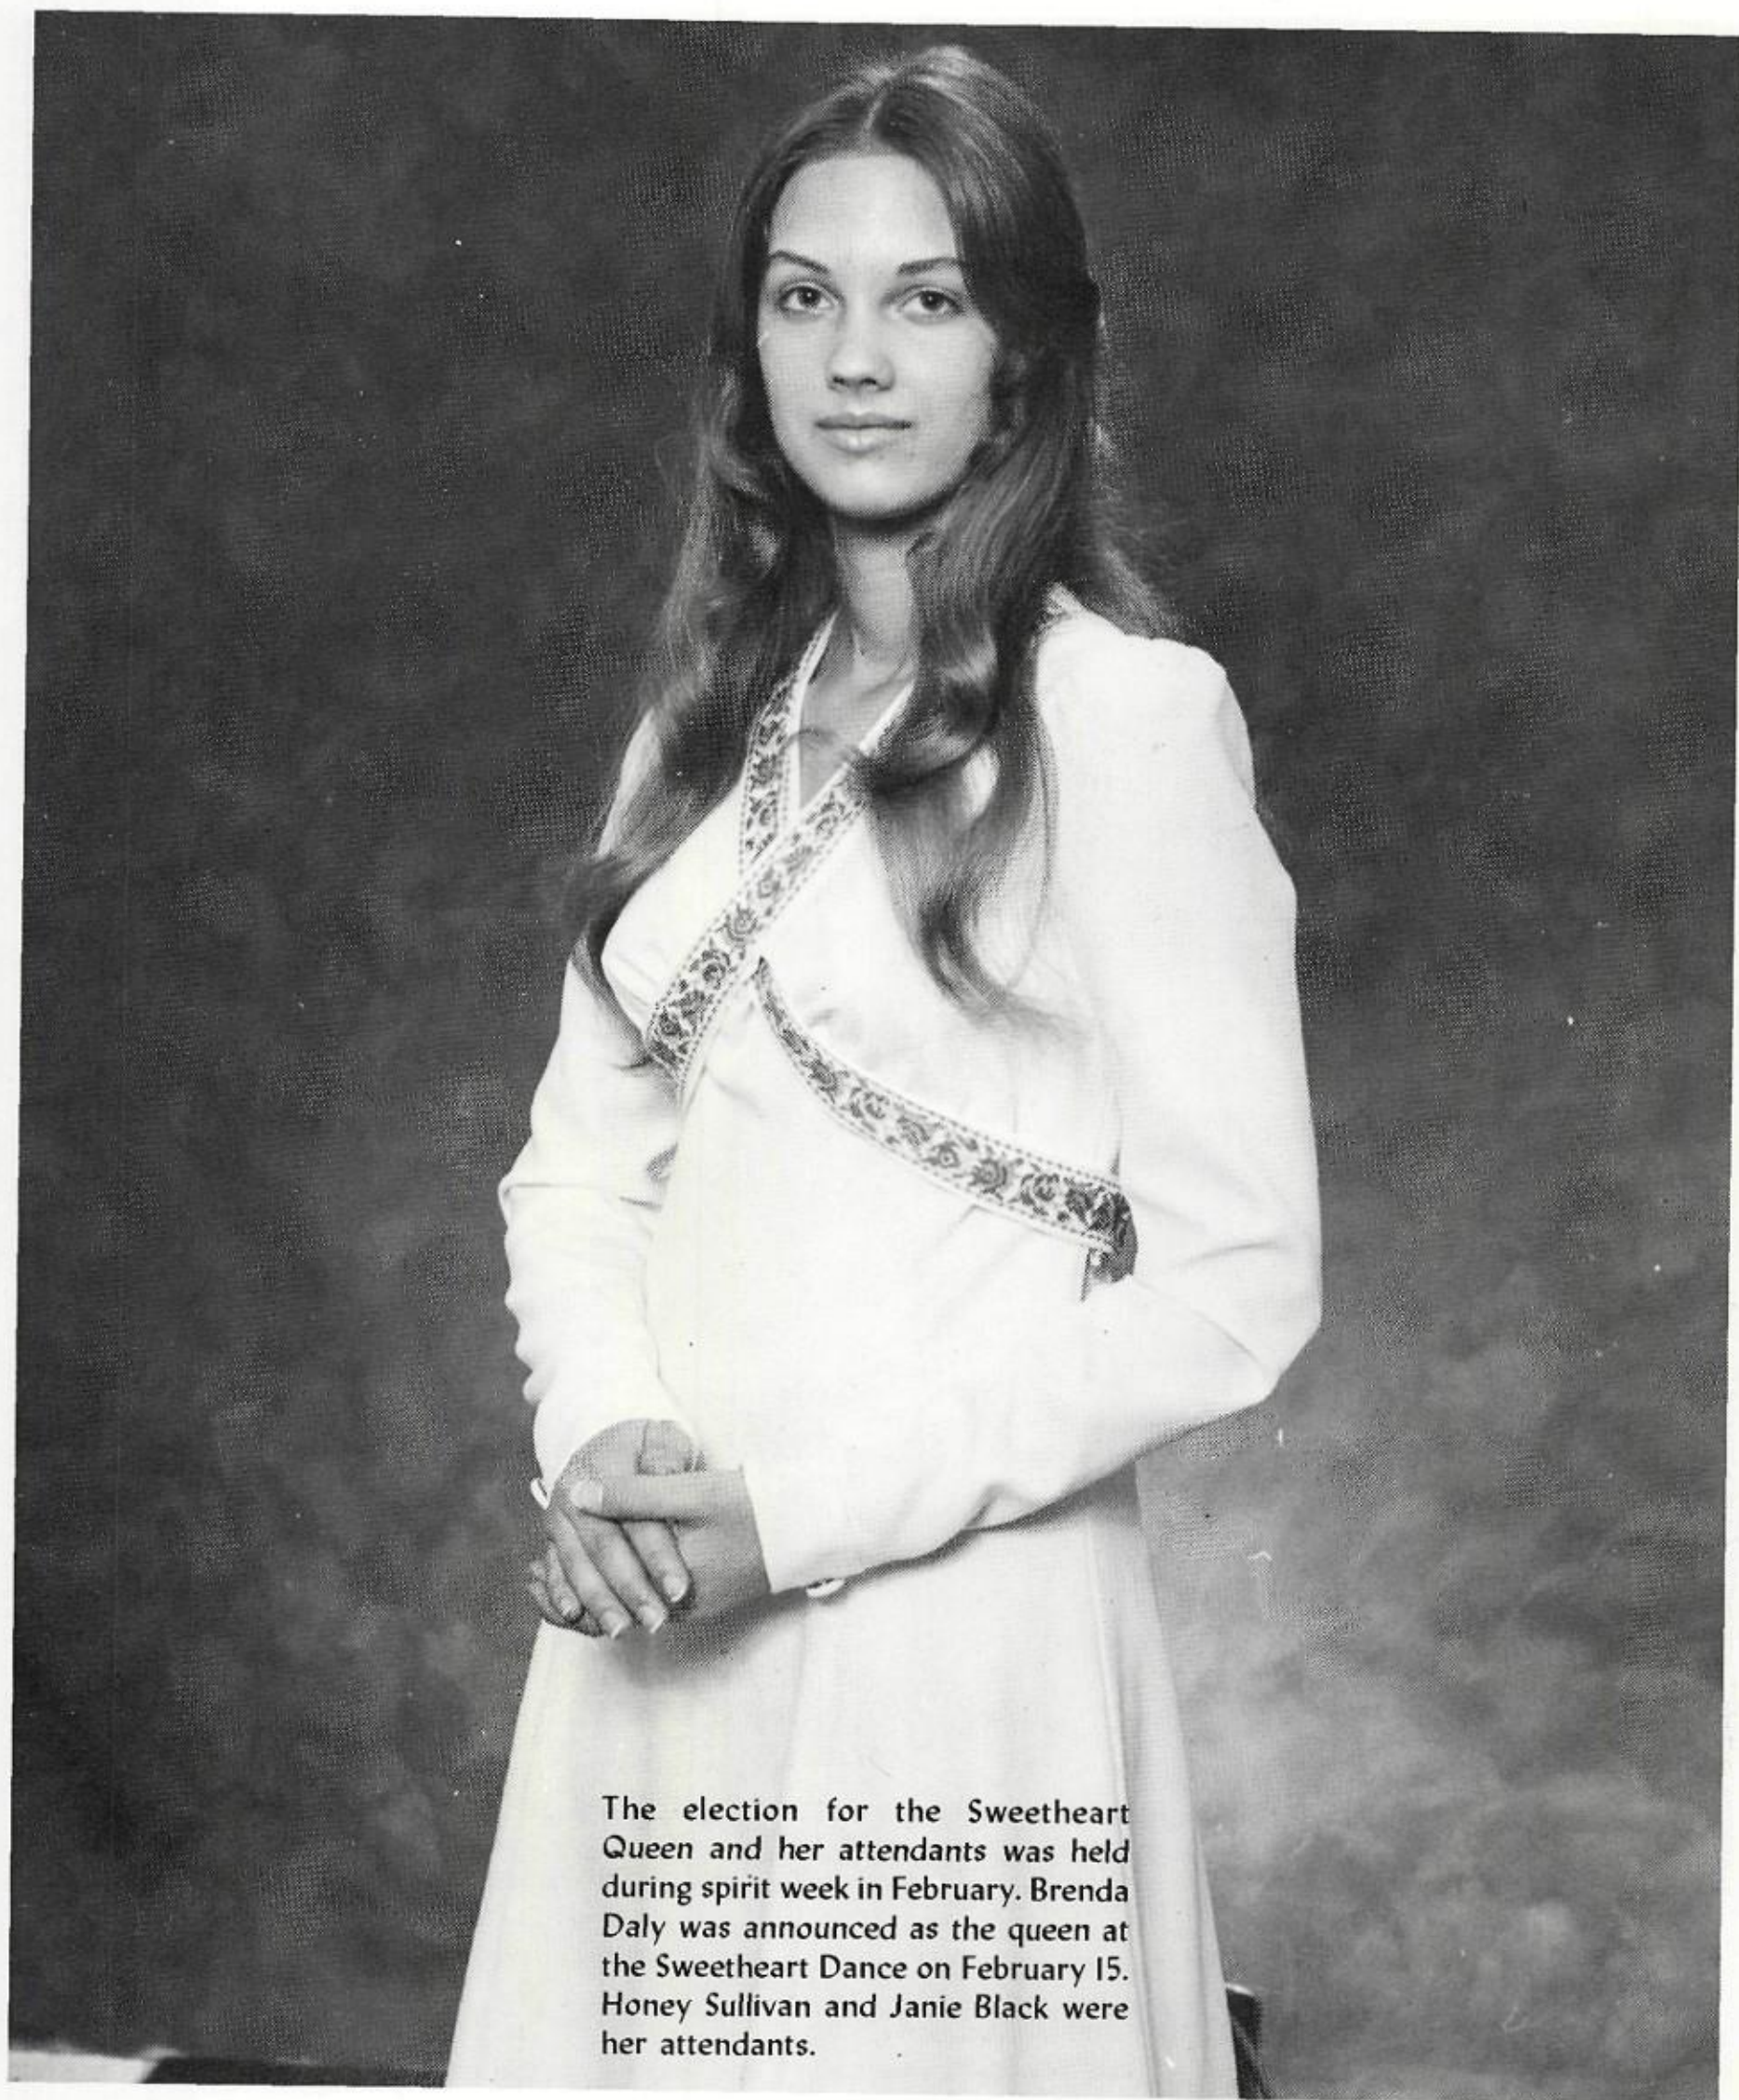

The outstanding senior boy and girl, Rusty Yaney and Val Dollman, were chosen for their contributions to the school by their fellow seniors. Rusty and Val are well known and well liked by us all. Every year they have contributed greatly to our school. Rusty has worked on the newspaper for two

years. He was Editor his senior year. He has been an active member of Key Club for two years, he has also been in our Student Government and an active attendant at the meetings for his class. He has been in track for three years, and in cross country for two years. He was in National Honor

Society during his junior and senior year. He was in Ski Club for two years and in DECA his senior year. Val was a member of Pom Pon during her sophomore and junior year. She has been an active member of War Party and GAA for two years. She was also in Ski Club her junior year.

Sweetheart elected during spirit week

The election for the Sweetheart Queen and her attendants was held during spirit week in February. Brenda Daly was announced as the queen at the Sweetheart Dance on February 15. Honey Sullivan and Janie Black were her attendants.

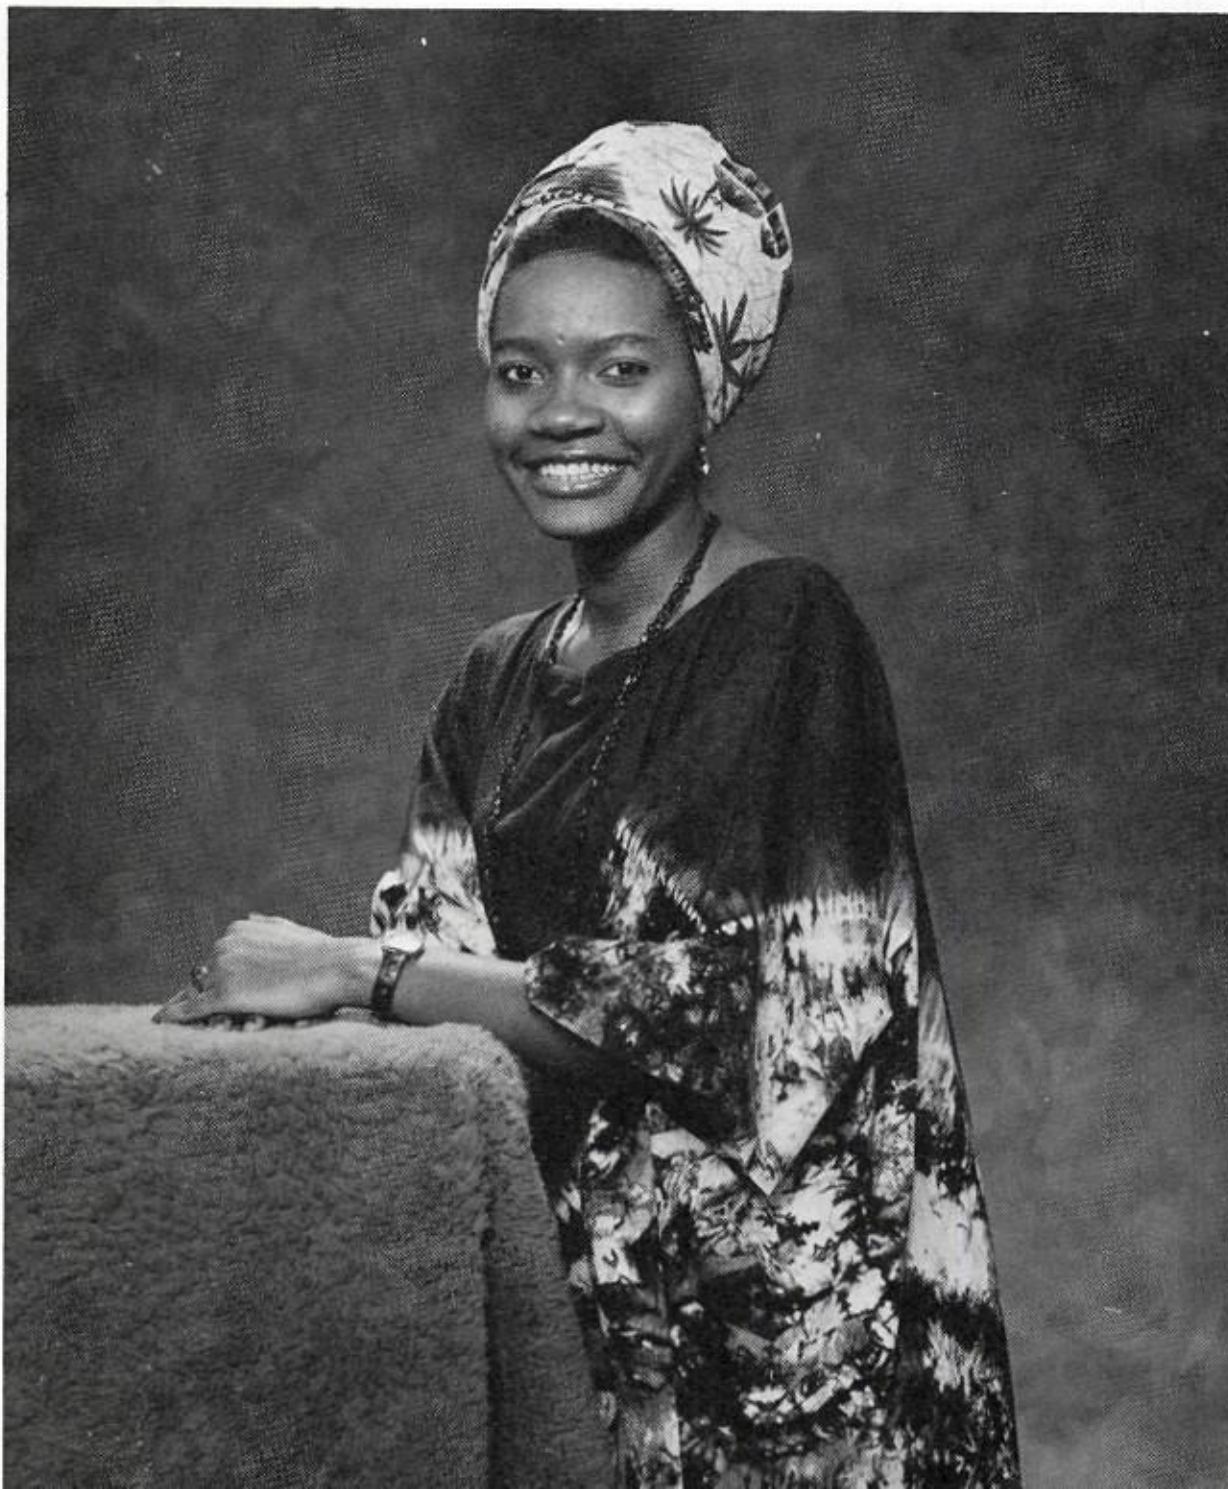

Mardia shares with THS her Liberian traditions.

Mardia Brumskine is a senior foreign exchange student from Liberia this year, placed through the Youth For Understanding program. She speaks French, English and Bassa, her Liberian tribal language.

She plans to work in the medical field specializing in Urology or Pediatrics. She's a top student and she thought Thunderbird courses were easier than the ones she took at home. The classes required in Africa are Economics, Geometry and Physics. She went to the college of West Africa.

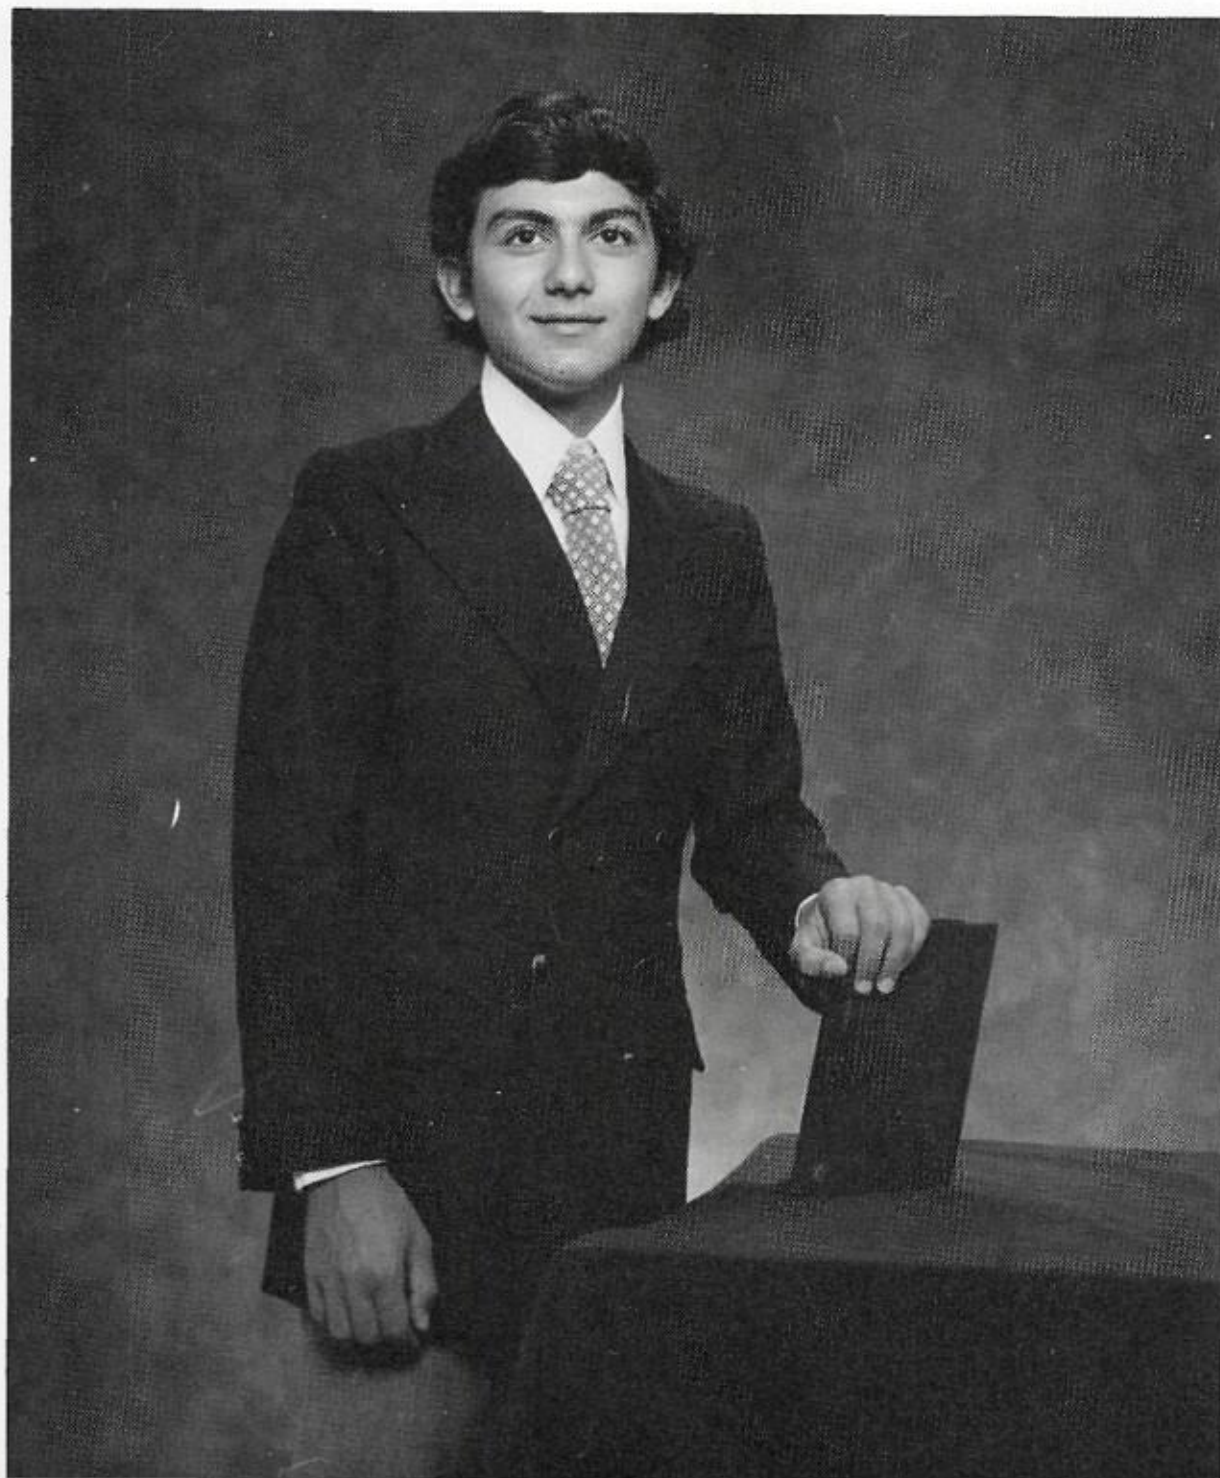

She's living with the Robert Diggs family in Phoenix, and is thinking of going to college in Arizona. She's used to a big family. At home she has three brothers and five sisters and during her stay in Arizona she has had three adopted brothers. The Robert Diggs family considered Mardia as one of their own.

During her stay at Thunderbird all of the students considered her as a member of their family as well.

Brinks family welcomes "Jake" from Paraguay.

Jacabo Kravetz is 15 and a junior at Thunderbird. He was born in Chile and came to Arizona from Paraguay where he lived for two years. He has three sisters and two brothers.

He's taking six classes which are typing, Spanish, health, business law, geography of contemporary affairs and business machines. His favorite class is geography of contemporary affairs. Jacobo is a tutor in Mr. Rivero's second year Spanish class.

Jake likes Thunderbird alot and plans to go on to college majoring in business. He is living with the Raymond Brink family while attending school with his adopted brother Donald Brink.

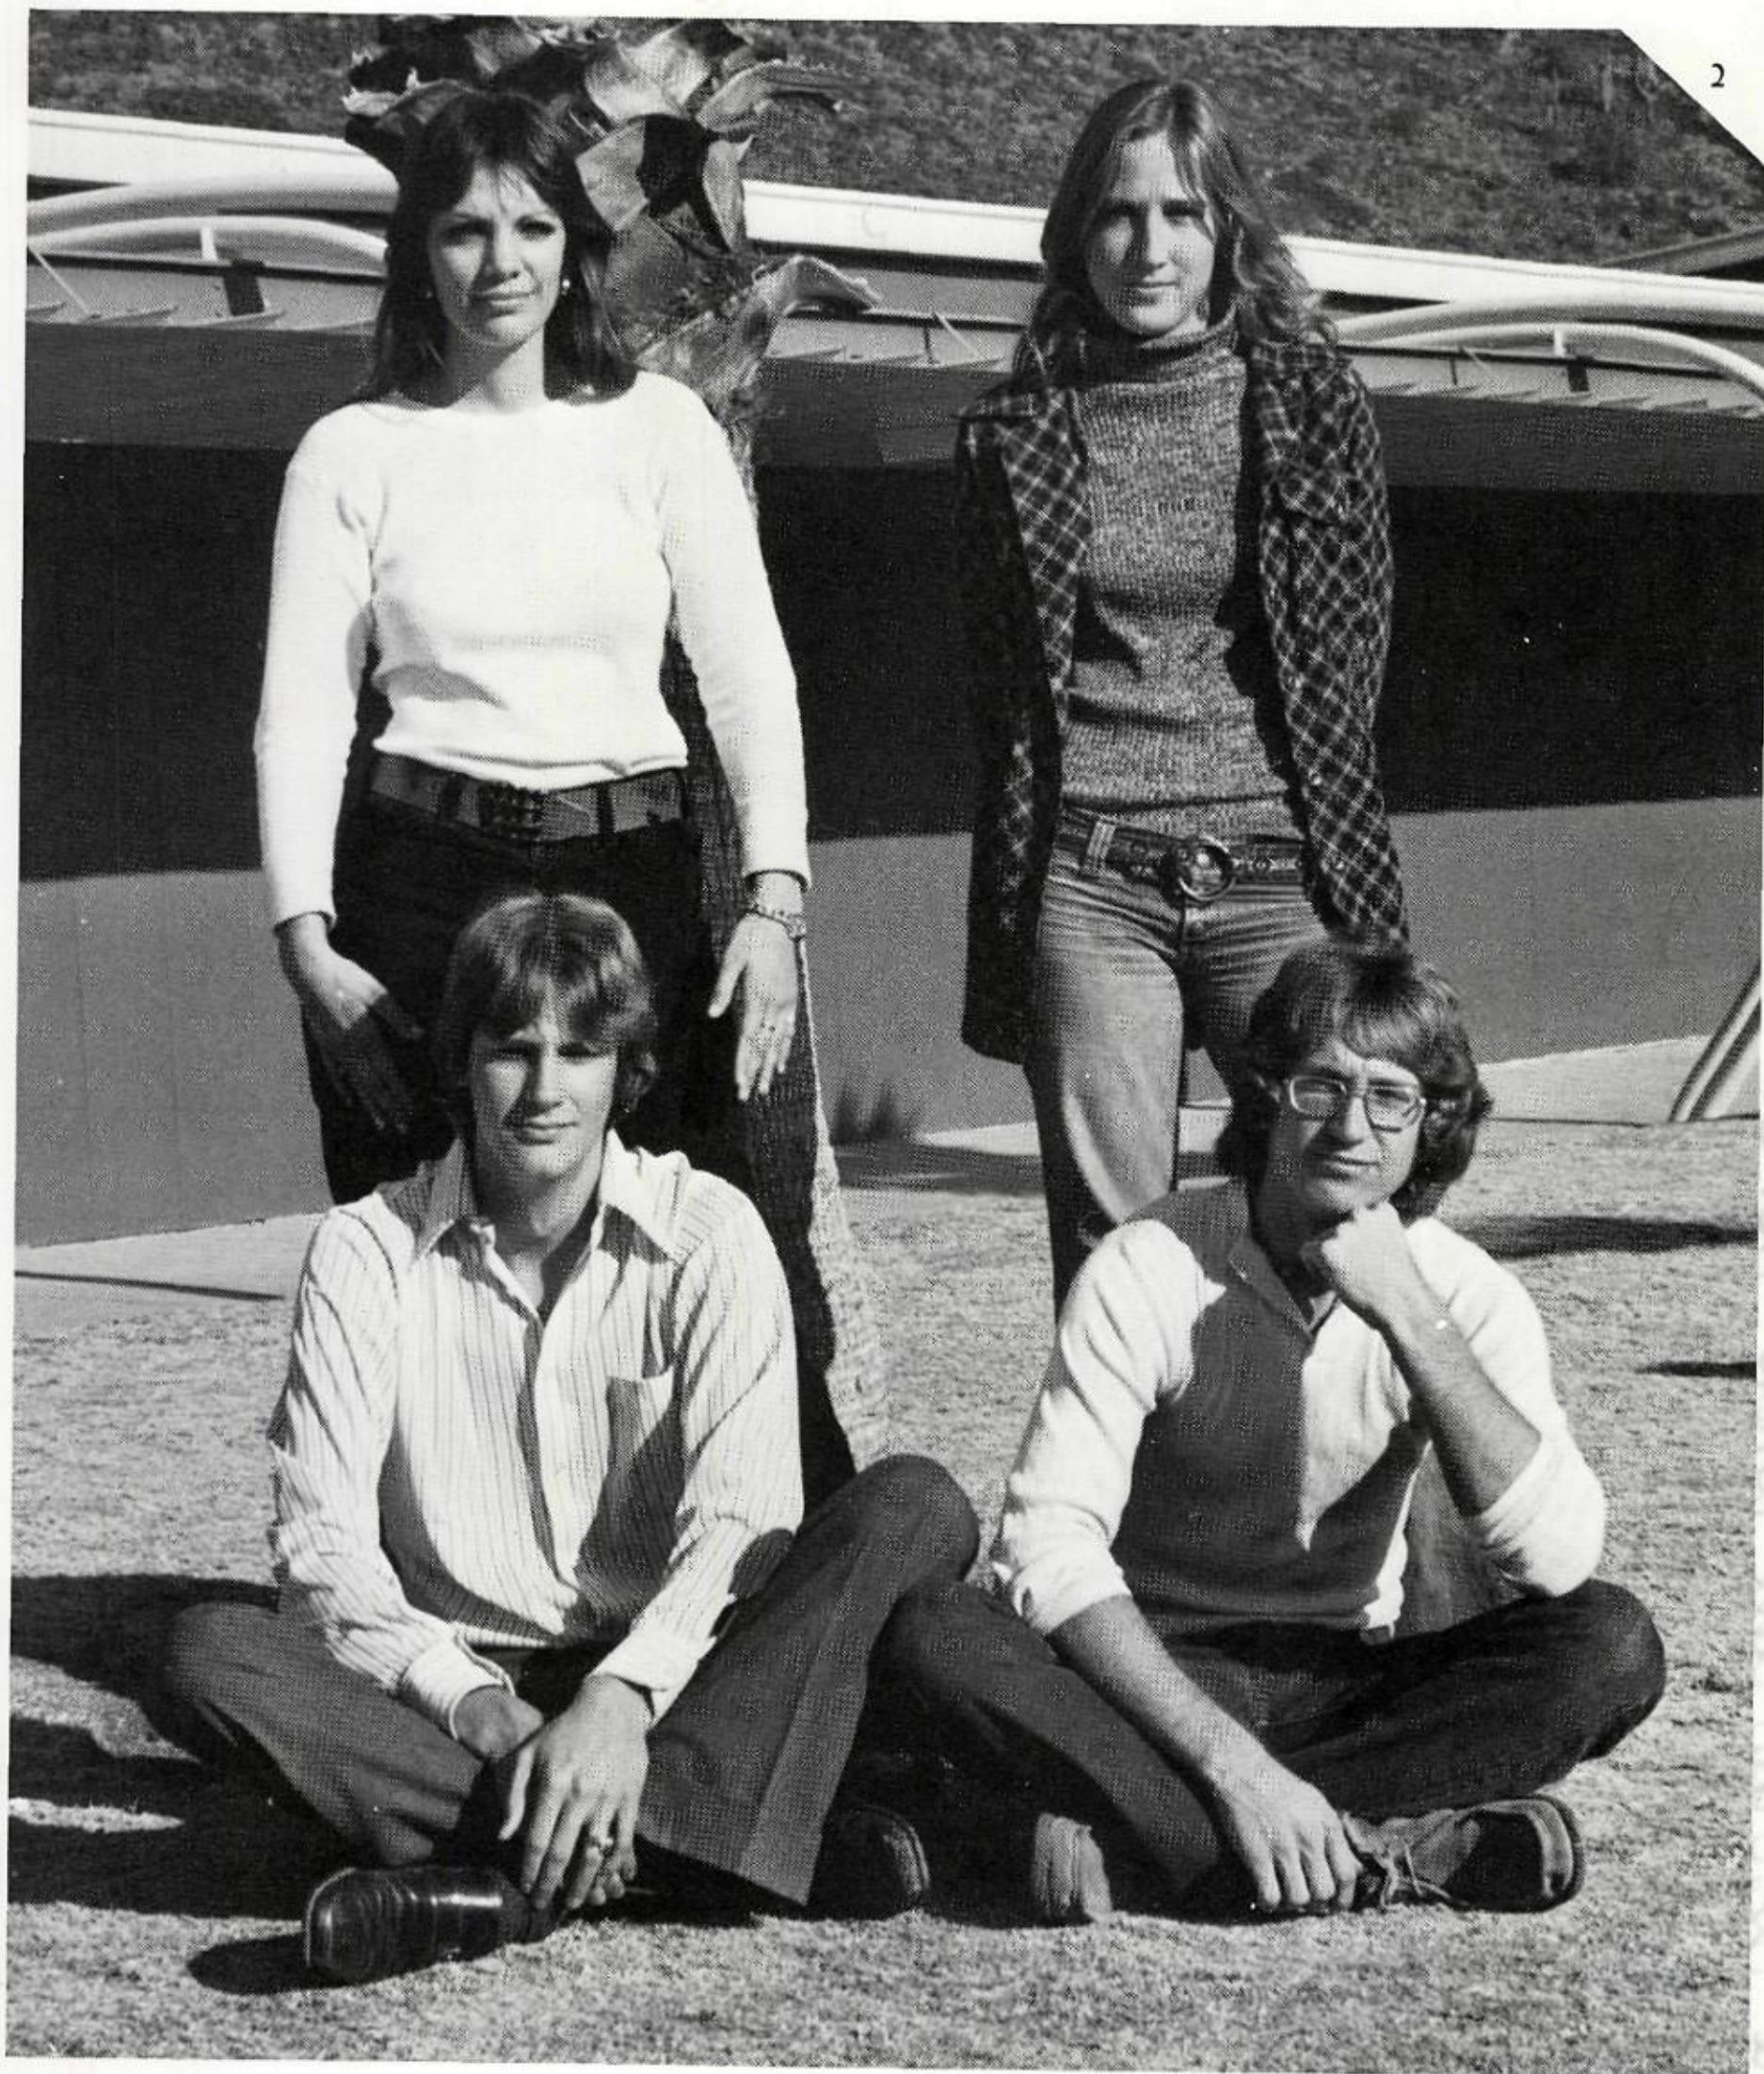

1 SENIOR CLASS OFFICERS ROW 1 Jeff Resler, President; Betty Longfield, Treasurer and Richard Ivanisko, Vice-president. ROW 2 Mr. Kelly Purdy, advisor; Mrs. Lynn Harvey, advisor and Mr. Darryl Stacy, advisor. 2 SENIOR CLASS SENATORS ROW 1 John McBride and Dave Baker. ROW 2 Mitzi Wescott and Kim Totherow.

Seniors typify the finished arrow. When graduation comes, they are taken from the quiver, placed to the bow and shot out into society by the Archer's skill and careful aim.

ACADEMICS

Teachers, counselors and administrators function as the archers who dedicate themselves to forming arrows that will reach their mark.

They guide each individual student to his place in the quiver and urge him to first set his goals and then strive to develop all the attributes that will help him travel straight and true. They watch the graduating class as it is fitted to the bow and sent forth. Proudly they recognize that four successful years in the quiver will help each arrow reach its life target.

SPORTS

The sports program is filled with rewards: determination, enthusiasm, and accomplishment. The individuals who participate in high school sports are shaped and refined both by their coaches and fellow teammates. Just as arrows become more valuable to the archer once they have proved their worth in the competition of reaching a practice target, so high school athletes add value to their lives and receive more sharpening before they are finally fitted to the bow for their expulsion toward their life targets.

Most of these guys will be Varsity ballplayers next year, and with the year of experience should have a good season. With the addition of the freshman from this year, who had fine seasons, next years J.V. squad can look forward to a improved season.

The Freshman Wrestling team had a great year, going 10-1. The only loss came to Paradise Valley in the next to the last meet. This was a heart-breaking loss, as it ruined any chance of a perfect season. But these guys have three years and many matches ahead to achieve their goals in high school sports.

Golf team competes varsity this year

I Rusty Brown concentrates on teeing off at Moon Valley golf course.

In golf, the matches are played by the three players with the best score in the practice or practices before the match. Actually there are about eight to ten players competing for three positions in a match.

Thunderbird has gone through a year of evaluation and growth. We've added new programs, new administrators, and a new grade level.

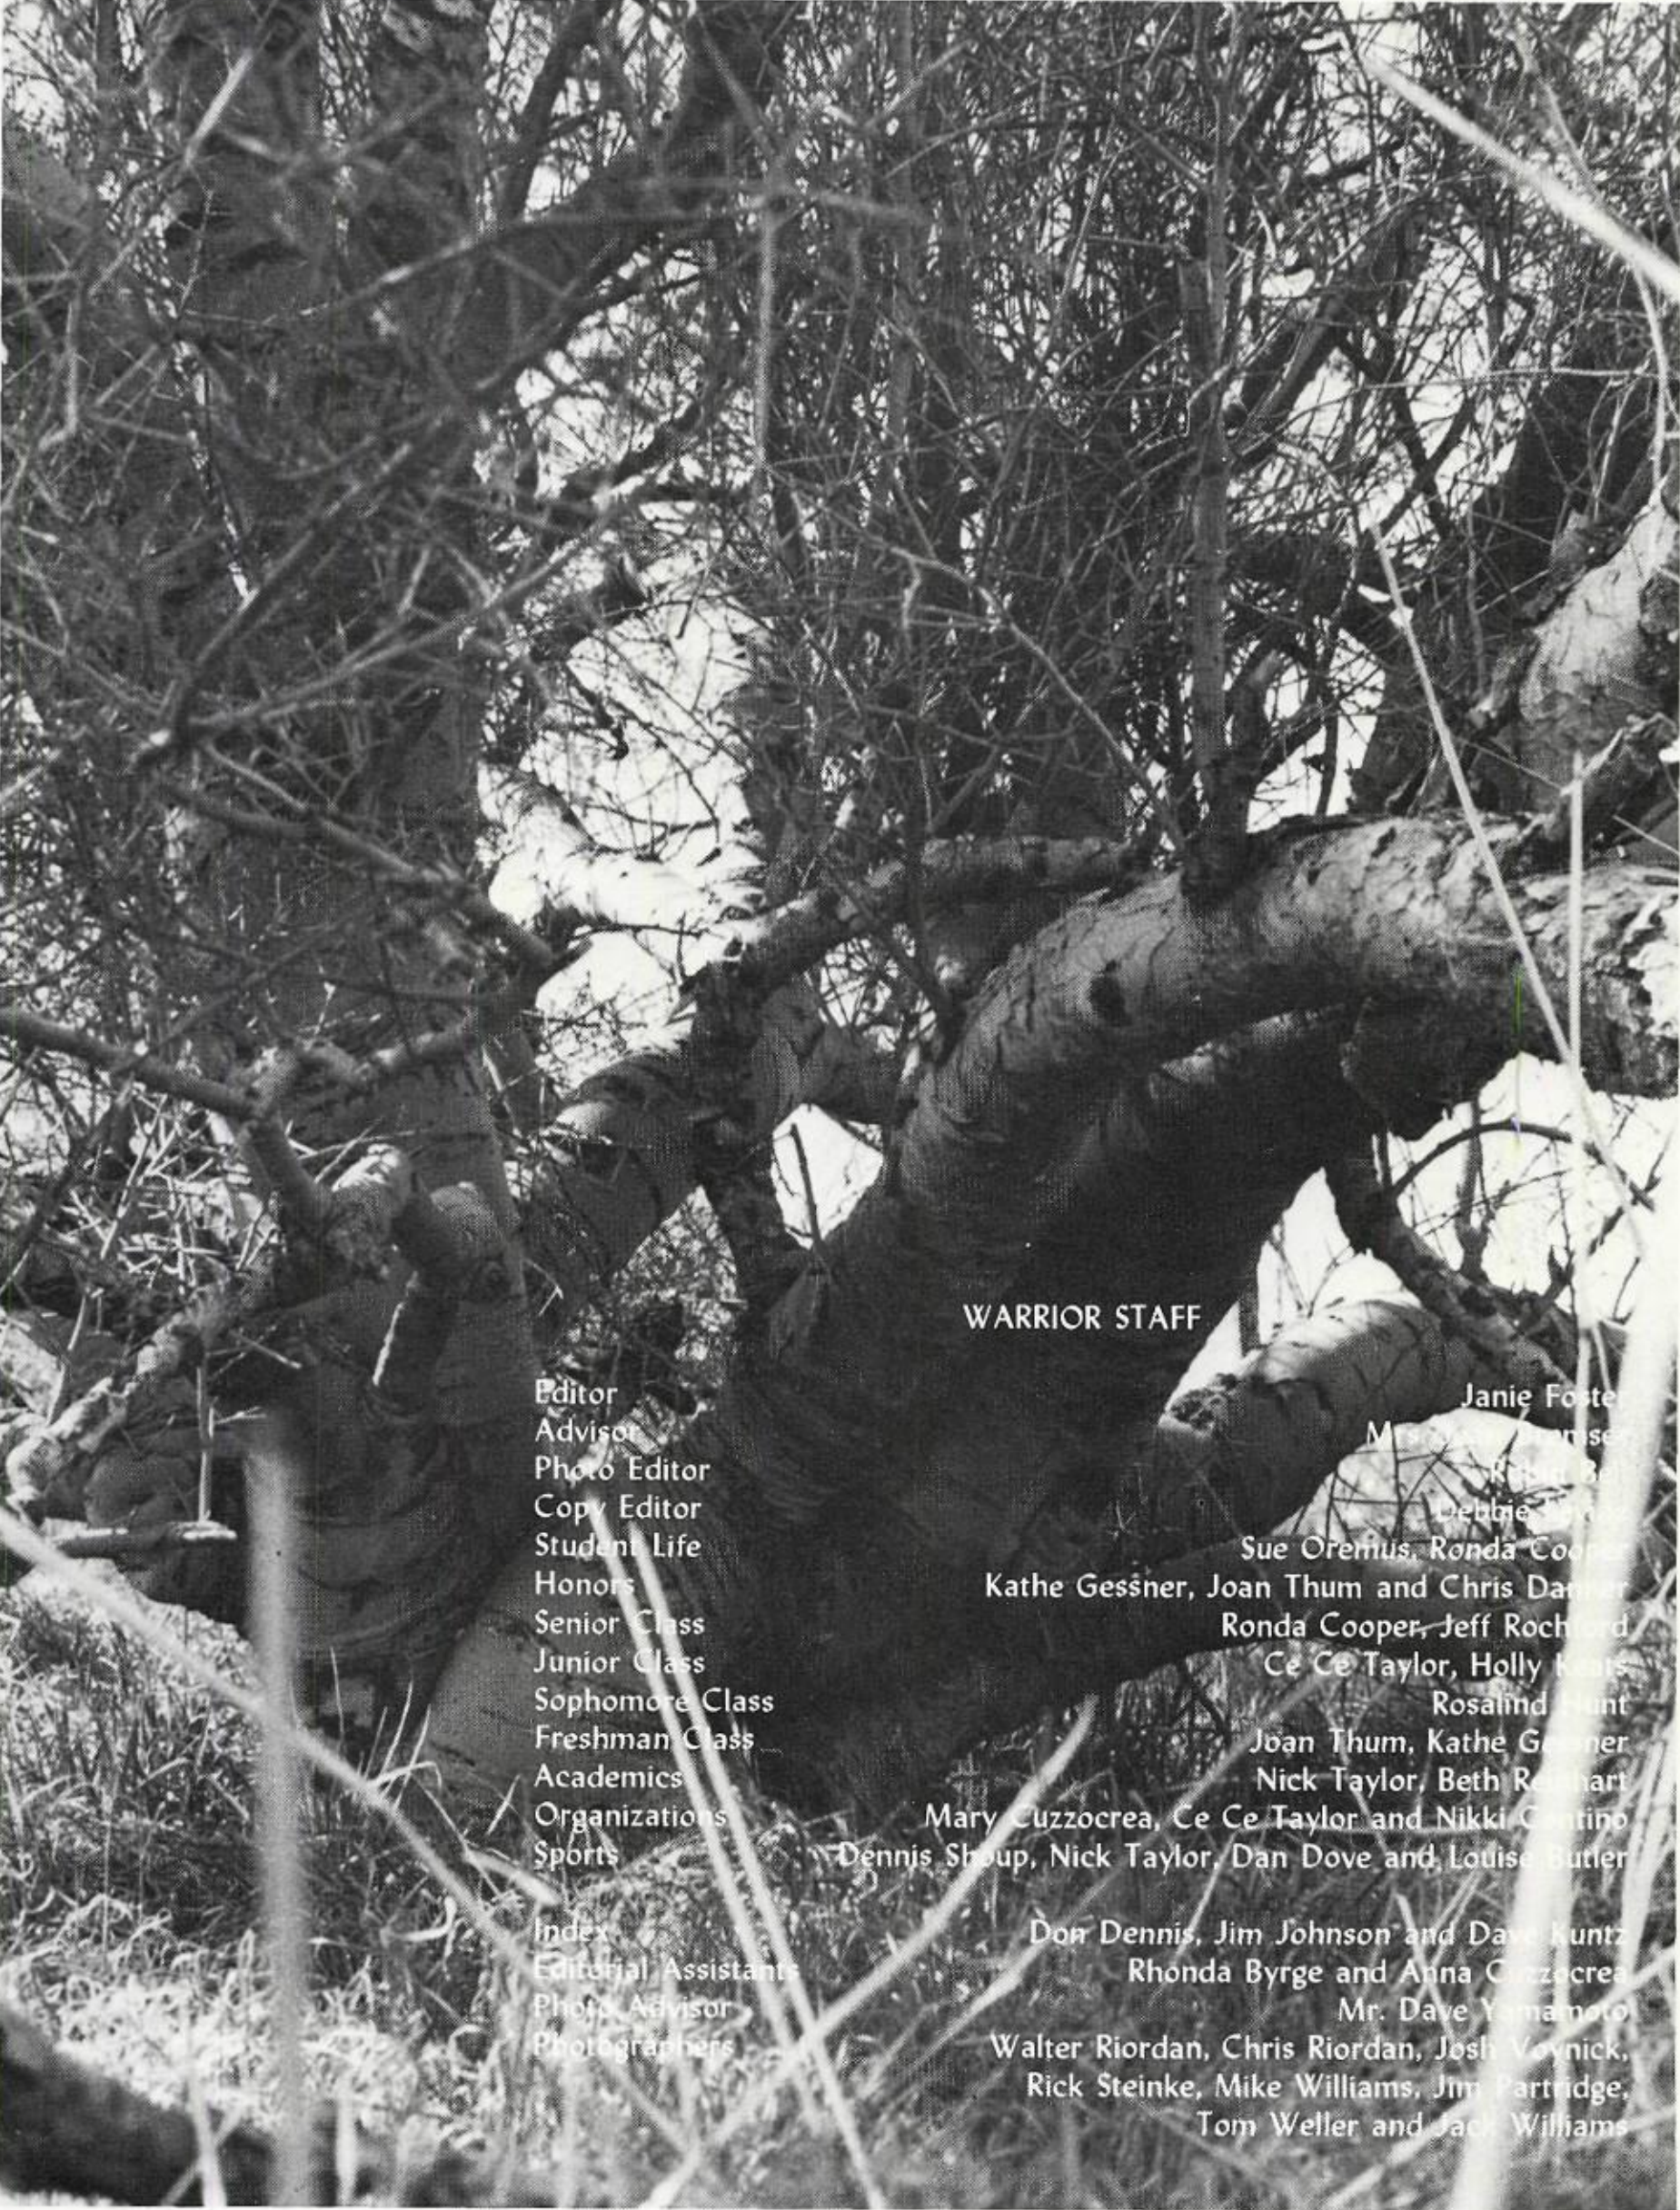

This year has been our first year as a full four year high school. For the first time, we have welcomed foreign exchange students to our campus, which has widened our knowledge of the world.

Our teachers and administrators, as well as some students, spent a good deal of the year evaluating the learning programs, facilities, and activities of our school. This year-long evaluation culminated in February with the visit of the North Central team. Members of that team said that the outstanding feature of Thunderbird High School was the rapport between students and teachers. Following their visit, the school received official accreditation.

The final highlights of the year will include the first Junior-Senior Prom and the graduation of our first seniors.

The yearbook has also experienced a year of growth and evaluation. For the first time we had a class period for the staff so they could complete the book during school hours. Instead of having to eliminate spring activities from the book, we have been able to plan a special supplement that will be delivered in the fall.

We hope this book will be well received by the student body and will be meaningful for students now and in the years to come.

Nancy.

What can I say? Things haven't been the same lately but its still its been great. I'll probably be lost next year in a big college (Pr.) starting as a freshman all over again. Boy what a pain! Well I missed out on a lot of track meets this year. With a few exceptions. S.C.C. for instance. Well take care and if you go to any track meets next year at S.C.C.

Watch out for girls that are bigger than you. They usually mean trouble.

Friends Always,

Leigh

P.S. I won't forget you next year I'll still see you. Ok.

Nancy,

you're a true blue friend and I really
don't know what I would have done without
you. All the worrying we did when we
thought I could have been ———. God.
You're always around when I need you
I think you're really great. I hope you
and Jody can see ~~each~~ each other this summer.
Remember Mrs. ~~Wingburn~~ Wingburn always getting
on our case. And Mr. Heaps to. We
really couldn't keep out of trouble
could we. Remember how much
you worried when you wrecked your
mom's car. I thought you would have
a heart attack.

We've both been
in a lot of trouble
and we worry about
each other and I
think that's good.
You have to come
over this summer
swimming. Remember
how we use to make
fun of Chuck behind
his back Ha. Well I'm
really running out
of room so I guess
I'll stop but I just want you to know
how much I care for you. Love Delicia Jones

Nancy -

You possess many
facets and each one includes
that smile of yours. Although
the dirty looks and fear you
give to me, I still think that
smile is best of all.

Enjoy your summer, maybe
we all could get together again.

Love, Jesse Ellen
